Forward-looking statements

Certain statements in this report may contain forward-looking statements which are inherently predictive, speculative and involve risk and uncertainty as they relate to events or depend on circumstances that will occur in the future, involve known and unknown risks, uncertainties and other facts or factors that may cause the actual results of the Group or its sector to be materially different from any results expressed or implied by such forward-looking statements.

Forward-looking statements are not guarantees of future performance and are based on assumptions regarding the Group's present and future business strategies and the environments in which it operates now and in the future. No assurance can be given on forward-looking statements and undue reliance should not be placed on such statements. Calgro M3 does not undertake to update any forward-looking statements contained in this document and does not assume responsibility for any loss or damage whatsoever and howsoever arising as a result of the reliance by any party thereon.

We aim to provide all stakeholders with a balanced, clear and transparent understanding of our business and how we create sustainable value. Stakeholders are invited to actively participate by sending questions, comments, concerns or queries to:

About this report

Calgro M3 Holdings Limited is a property development company that specialises in property and property-related businesses, which are primarily involved in integrated housing development and memorial parks.

Our Integrated Annual Report and ESG Report contain our application of globally recognised governance and sustainability reporting frameworks and provide our stakeholders a clear view of Calgro M3's strategy, business model, performance and prospects – in the context of its external environment. They also demonstrated how the Group creates, preserves and enhances value over the short, medium and long term.

Materiality

Our materiality approach is driven by matters that significantly influence our ability to create, evolve and amplify increased shareholder value in the short, medium and long term. These matters help us identify significant issues with an impact on enterprise value (financial materiality) as well as our broader impact on the society and the environment (impact materiality) in which we operate in.

The process culminates in material matters being identified, prioritised and grouped into key themes based on the double materiality lens, which takes into account financial materiality and impact materiality. The material matters identified during the workshops are reviewed by the Group Executive Committee and proposed to the Board for final approval.

The materiality determination process:

- Identifying and evaluating risks
- Setting acceptable risk limits
- Monitoring risk management actions and controls
- Assessing the effectiveness of risk management

At Calgro M3 we recognise that proactive, transparent, and meaningful stakeholder engagement is fundamental to responsible value creation and remains central to our governance, strategy, and long-term sustainability.

Scope and boundary

The collective of all the documents within the annual report suite, as described on the inner front page, for the year ended 28 February 2026 provide an overview of the financial, social, environmental and governance performance of Calgro M3 and its subsidiaries.

Information presented covers all operating entities of the Group, including all subsidiaries and joint arrangements, unless otherwise indicated. All information, except any changes associated with adopting new accounting standards or amendments are presented on the same basis as the Group's 2025 Integrated Annual Report, the measurement methods applied, and the time frames used. The information provided covers all material matters relating to business strategy, risks and areas of critical importance to our stakeholders.

Reporting frameworks applied

Our reports are guided by:

Integrated Annual Report

- IFRS® Accounting Standards
- Companies Act 71 of 2008, as amended (Companies Act of South Africa)
- King IV™ Report on Corporate Governance for South Africa (2016) (King IV™)
- The Johannesburg Stock Exchange Limited ("JSE") Limited Listings Requirements
- Integrated Reporting Framework
- Certain financial information may have been extracted from the Annual Financial Statements for the year ended 28 February 2026
- United Nations Social Development Goals

Annual Financial Statements

- IFRS Accounting Standards, as issued by the International Accounting Standards Board ("IASB") and the IFRS Interpretations Committee (collectively, the IFRS Accounting Standards)

ESG Report

- United Nations Social Development Goals
- Global Reporting Initiative ("GRI") G4 Sustainability Reporting Guidelines including, where possible, the Construction and Real Estate Sector Supplement*

Independent assurance

Forvis Mazars has been engaged to provide independent assurance on the Group consolidated financial statements. Miles Fisher is the individual registered auditor who undertook the audit. The Forvis Mazars audit opinion on the annual consolidated financial statements is available in the Annual Financial Statements section on the website. No external assurance has been obtained for this report's overall content.

Board responsibility statement

The integrity of the Integrated Annual Report was overseen by the Board of Directors in conjunction with the Audit and Risk Committee. This was achieved by setting up appropriate teams, led by the Group executive team, structures and processes to compile the Integrated Annual Reporting suite of documents and then performing a thorough review of the resulting document. The Board of Directors acknowledges its responsibility in ensuring the integrity of the 2026 Integrated Annual Report and has evaluated its preparation and presentation accordingly. In the opinion of the Board, the report provides a fair and balanced account of performance, strategy and value creation of the Group as well as addressing material matters pertaining to the long-term sustainability of the Group and the impacts thereof. This report was approved by the Board on 18 May 2026.

Calgro M3 at a glance

Who we are?

Calgro M3 is a property and property-related investment company that specialises in the development of Integrated Residential Developments and the development and management of Memorial Parks.

Residential Property Development

The Group develops integrated housing developments consisting of subsidised, social, First Home Finance (“FHF”), affordable rentals and affordable housing. These homes are provided in developments that include schooling and communal facilities for all income levels within one integrated community.

The integrated development model offers homeowners a platform to improve their lifestyle and living conditions in line with their financial capability while remaining in the same community and living close to job opportunities.

Memorial Parks

Calgro M3 Memorial Parks is an alternative to traditional cemeteries, offers a dignified, secure burial option, and delivers a superior customer service experience compared to other products in the market.

All six Calgro M3 Memorial Parks are privately owned and professionally managed and maintained by the Group. We pride ourselves on providing safe, serene, and beautiful surroundings where family and friends can lay their loved ones to rest.

Our mission

Our strategic priorities are centred on differentiating our products and services, consistently delivering offerings of the highest quality across our diversified property-related investment portfolio, cultivating mutually beneficial relationships with all stakeholders, fostering the development and upliftment of our employees, advancing Broad-Based Black Economic Empowerment, and achieving sustainable, long-term returns for our shareholders.

Our operations

Integrated Residential Development properties

Core of the current residential property pipeline

Fleurhof Integrated Development	South Hills Integrated Development	Belhar CBD Integrated Development	Bankenveld District City (“BDC”)
Fleurhof, developed in partnership with the City of Johannesburg, is one of South Africa’s premier integrated residential projects covering all housing typologies the Group operates within. The project is situated 10km west of the Johannesburg CBD.	South Hills, a joint venture between Calgro M3 and The Standard Bank of South Africa, developed in partnership with the City of Johannesburg. This remains one of Johannesburg’s premier integrated residential development projects. The project is situated 4km south of the Johannesburg CBD.	Adjacent to the University of the Western Cape and the Cape Peninsula University of Technology, the project is located in Belhar, Cape Town.	The Bankenveld project is a joint arrangement between Calgro M3 and Eris Property Group. This agreement was reached with an aim of developing a new all-inclusive integrated project well situated between the Sandton and Waterfall City nodes in Gauteng. The development will consist of retail, commercial and industrial land parcels managed by Eris with Calgro M3 taking responsibility for the residential component of the project.
In excess of 9 000 units have been delivered since inception of the project.	In excess of 2 400 units have been delivered since inception of the project.	In excess of 2 200 units and 3 600 student beds have been delivered since inception of the project.	The project has township approval for approximately 20 000 residential housing opportunities across all housing typologies that the Group operates within.
2009 and ongoing.	2014 and ongoing.	2012 and ongoing.	2024 with expected life of 15 years.
4 785 units remaining (excluding new land parcels to be unlocked).	4 449 units remaining.	1 309 units remaining and 900 student beds.	20 000 units.
			

The housing segments we operate in

	Style and average sales bracket	Description of housing	South African residents with target monthly income
Public sector			
Breaking new ground ("BNG") fully subsidised ownership	**Gazetted subsidy of the day**	Providing fully subsidised units to qualifying South Africans (updated version of Reconstruction and Development Programme ("RDP") housing)	**< R3 500 pm**
Community residential units ("CRU") (council subsidised rentals)	**Gazetted subsidy as per national CRU policy**	CRU programme comprises subsidised rental units owned by the public sector	**> R3 501 pm** **< R7 500 pm**
Private sector			
Social housing (subsidised rentals)	Regulated subsidy by Social Housing Regulatory Authority ("SHRA")	Social housing is a rental or cooperative housing option of subsidised rentals owned by non-profit social housing institutes	**> R7 501** **< R22 000 pm**
First home finance ("FHF"), affordable rental and private rental housing segment	Reviewed consistently to enhance value offering and ensure affordability	FHF is the product that was introduced when the affordability level to qualify for subsidised housing was removed, allowing people previously disqualified based on income to qualify for a partly subsidised home. Affordable rentals include privately owned rental stock.	**< R38 500 pm**
Affordable housing	**Up to R900 000**	Full and sectional title residential units aimed at homeowners in the bonded market regulated by the Financial Services Charter ("FSC")	**> R22 001 pm**

Memorial Parks

I acknowledge that everyone has a unique role in the business, and no one person is more important than the other.

Integrity

I do the right thing no matter who is watching.

Excellence

I strive to excel at everything I do.

Quality

I always strive to achieve the best.

Passion

I put my heart into everything I do.

Vision

To be the company of choice for investing in property and property-related businesses.

Ever mindful that all actions taken and strategies implemented are:

#sustainable**growth**

Artistic Impression – Bankenveld District City

02

Strategy

The refinement of the strategy will focus on integrated residential property developments of scale, reducing the need to create bulk infrastructure on various smaller projects and sustaining the growth of the Memorial Parks business segment.

This year saw the commencement of new projects in both the Calgro M3 Developments and Calgro M3 Memorial Parks business. The Bankenveld District City project broke ground on infrastructure installation whilst the Rustenburg Memorial Park expands our national presence to six operational parks.

Our strategy

Our mantra of ***"Building legacies. Changing lives"*** aligns with our vision and passion. Calgro M3 has outlined the following refined strategic pillars to foster its sustainable growth. These pillars aim to increase shareholder value and include the following steps:

Strategic pillars

1 Sale of non-core assets

These non-core assets are defined as non-contributing assets with no intention for development in the next five years

Evolve

Non-core assets

- Kwa-Nobuhle
- Cornubia (KwaZulu-Natal property)
- Witpoortjie
- Mid-to-high properties

2 Strategic portfolio optimisation and risk diversification

Balancing the two business segments in the long term by reducing the number of smaller non-contributing projects in the Residential Property Development business whilst sustaining the growth in the Memorial Parks business to diversify risk

Evolve

Projects to be traded out over next five years

- 32-on-Pine
- Jabulani
- Scottsdene
- La Vie Nouvelle
- Vredehoek
- Vista Park

3 Reduction of net debt in the long term

Manage the relationship between the Group's net debt level in relation to its market capitalisation by delivering on medium to long-term goals

Evolve

Memorial Parks

- Strategically grow the Memorial Parks business
- Diversify risk
- Strategic target of cash collections covering Group overheads and annual interest expense
- Generate return on invested capital ("ROIC") in line with Group target

4 Enhancing staff expertise

Focus on enhancing staff expertise through strategic skills development initiatives by appointing specialists, allowing for skills transfer and retention of expertise

Core pipeline

The core pipeline for the Group:

- BDC
- Fleurhof
- South Hills
- Belhar (land acquisition in Western Cape)

How we expect the Group to be positioned in the next five years and thereafter

	Region	Development	Number of units	Duration (years)
Residential Property Development	Gauteng	BDC	20 000	>15
		Fleurhof	4 785	>10 (excluding new land parcels)
		South Hills	4 449	5 to 7
	Western Cape	Belhar	1 309	5
		Actively working on land acquisitions		
	Total		**> 30 000**	
Memorial Parks	Countrywide	Additional parks acquired or developed		

Amplify

This strategic refinement aims at delivering strong shareholder returns whilst remaining aligned with the ROIC metrics used to bolster economic value. Improving operational efficiency across the project pipeline will ensure the sustainable future for the Group. As part of this process, non-core assets and projects will be disposed of or completed, within the Residential Property Development segment, resulting in the focus on a maximum of five integrated projects of scale in a minimum of two South African provinces. This strategy ensures the mitigation of inherent risks through project diversification.

This approach aims to free up the financial and technical resources required to support the BDC project. Given its long-term nature, currently projected at 15 years, BDC aims at creating meaningful housing opportunities located close to workplaces, businesses, parks, restaurants, public transport and other amenities.

Alongside the Residential Property Development strategy, the Group remains committed to expanding the Memorial Parks business. From a standing start, this division has grown to six parks nationwide, addressing the growing market need for dignified, beautifully maintained burial options. Currently assessments are underway on parcels of land in the non-core asset basket, aimed at the mid-to-high segment of the market, that are to be repurposed for a Memorial Park development.

By ensuring that each business segment excels within its area of expertise, Calgro M3 is well positioned to continue delivering on its promise of #sustainable**growth**.

The implementation of these strategic pillars will support and ensure:

- **Cash preservation and liquidity of balance sheet**
- **Maximising cash generation and balance sheet strength through the roll-out of a strategically refined project pipeline**
- **Proceeds from selling non-core assets will be used to reduce net debt and fund working capital requirements**
- **Continuously developing and adopting technological improvements to streamline business processes**
- **Enhance ROIC by trading out of both non-core assets and projects**
- **Utilising excess cash collected to realign the net debt position closer to the market capitalisation**

Investing in a well-established company like Calgro M3, with a proven track record and strong moats and product demand, offers several benefits. Furthermore, our history of success and stability reflects a competent management team and solid business strategy, which mitigates investment risk. The Company's maturity, brand recognition, and market share position us well for growth and profitability. Our strongest moat is the experience and ability we have of successfully balancing the initial high infrastructure and building cost with innovative and cost-effective top structure designs, thereby enabling us to consistently sell affordable, high-quality homes to discerning homeowners.

We are not changing how we do business, but refining where we focus

		Healthier liquidity	Improved net asset value	Greater return to shareholders
1	Sale of non-core assets (non-contributing assets with no intention for development in the next five to 10 years)	✓	✓	✓
2	Balancing the two business segments in the long term by reducing the number of smaller non-contributing projects in the Residential Development business whilst sustaining the growth in the Memorial Parks business to diversify risk	✓	✓	✓

- Return on invested capital ("ROIC") **4%** (2025: 5%)

Strategic review and achievements

The 2026 financial year saw the implementation of refined strategic priorities centred on four key pillars aimed at driving long-term sustainable growth, these include:

1. Sale of non-core assets;
2. Strategic portfolio optimisation and risk diversification;
3. Reduction of net debt in the long term; and
4. Enhancing staff expertise.

Strategic pillar 1: Sale of non-core assets

This strategic pillar focuses on enhancing liquidity and improving shareholder returns through the disposal of assets that the Group does not intend to develop. This approach supports the focus on integrated residential developments, while unlocking value from underutilised assets.

Progress is being made in advancing the disposal of non-core assets, with defined short, medium and long-term objectives for the portfolio. Organic expansion is underway through the repurposing of non-core land parcels from the Residential Property Development business for future Memorial Parks. These repurposed land parcels were previously earmarked for mid-to-high residential developments.

Strategic pillar 2: Strategic portfolio optimisation and risk diversification

Trade-out of non-core projects

This strategic priority informed both performance and capital allocation decisions during the current financial year, with capital investment being directed towards the non-core project pipeline. This pipeline refers to those projects outside of the Group's large-scale integrated core portfolio. This resulted in a notable shift in revenue, with 70% of units transferred during the year originating from Scottsdene, La Vie Nouvelle, South Hills Lifestyle estate, Jabulani and 32-on-Pine, predominantly within the mid-to-high end product range. This targeted approach supports the phased completion and close-out of non-core projects, enabling the release of financial, operational, and management capacity for redeployment into core developments.

The shift in unit sales towards partially and non-subsidised categories was the primary driver of the marginal increase in revenue to R893 million. These segments command higher average selling prices and recorded a notable increase in units transferred compared to the previous financial year. This shift in unit sale mix is expected to occur in the short to medium term as these projects are invested within and traded out.

Core project roll-out

Construction activity within the core integrated developments pipeline added to the year's performance. Within the Belhar development a 136-bed student accommodation project was completed and construction commenced on a further 630-bed development, noting that approximately four student beds equate to one average residential opportunity for the Group. In Fleurhof, the first phase of a new mixed-typology development was completed, with units priced from R399 000, enhancing the diversity of the Group's product offering. Bulk infrastructure works also progressed across Fleurhof, Belhar and Jabulani, collectively delivering 968 serviced opportunities into the pipeline. The benefit of historically incurred infrastructure costs has resulted in the maintenance of a strong Group gross profit margin of 27%, exceeding the target range of 20% to 25%.

The BDC project achieved a key milestone with the commencement of infrastructure installation during the year, marking tangible progress towards delivering the first large-scale integrated housing development in the northern suburbs of Gauteng. Following the expected completion of phase 1 bulk and link infrastructure in the 2027 financial year, internal infrastructure will be installed over an estimated six to eight-month period, after which top structure construction will commence on a phased basis. This is a strategically important project for Calgro M3 with an estimated "project life" of more than 15 years and the development of 20 000 opportunities in a strategic corridor, in the heartbeat of Sandton.

In line with its growth strategy, the Memorial Parks business expanded into Rustenburg, with the Rustenburg Memorial Park opening in December 2025. The business experienced another year of growth in revenue, profit and cash collections, enabling the business to once again fully cover Group overheads, with a long-term goal of reaching Group ROIC targets.

The combined pipeline remains robust, comprising approximately 31 874 residential opportunities and 114 827 burial opportunities. This pipeline reflects projects aligned to the Group's strategic focus and long-term growth objectives and provides a combined total pipeline worth R31.8 billion.

Combined pipeline (R'bn)

The pipeline outlined above excludes non-core projects held by the Group, including Kwa-Nobuhle, Witpoortjie, Cornubia, Vredehoek and Vista Park. It also excludes any new acquisitions in close proximity to existing integrated developments.

Strategic pillar 3: Reduction of net debt in the long term

Liquidity and cash flow management remain critical to the successful execution of the Group's strategy, with available liquidity of R283 million at year-end. While the long-term objective remains the reduction of net debt, borrowings increased during the year to fund infrastructure development within the BDC project and support the development and hand over of non-core projects. These projects require capital investment in order for the units to be brought to a sale ready state. Negotiations are ongoing to recover infrastructure spend on the BDC project.

The Group continues to prioritise refinancing of existing facilities to ensure sufficient capital is available to support ongoing development activities and execution of the strategic priorities as the bedrock to sustainability.

Strategic pillar 4: Enhancing staff expertise

The development of key talent remains a priority to the Group with 17 500 hours of training invested in the current financial year to upskill and grow the current staff complement. Transformation targets for the Group are actively managed with historically disadvantaged individuals constituting 79% of total staff complement and female representation moving closer to the 50% target at 48%.

Residential Property Development

The Residential Property Development sector remains the largest contributor to Group performance.

The strategic objective of the Residential Property Development segment remains the optimisation of its project portfolio, with a long-term objective to deliberately shift focus towards a maximum of five large-scale integrated housing developments, while maintaining geographic diversification across provinces, currently being the Western Cape and Gauteng. The business continues to prioritise the delivery of value-for-money homes within integrated developments, catering to a broad spectrum of market segments, with particular emphasis on addressing housing demand in underserved communities.

Non-Core Developments

In line with this strategy, the current financial year saw meaningful progress in the disposal and completion of non-core projects, which accounted for 70% of total units handed over, demonstrating the business' commitment to completing these developments within the next three to five years. The most meaningful reduction arose from the Scottsdene development within the Western Cape, where all units were successfully completed and sold during the year. The next phase of 140 units commenced construction in the second half of the financial year.

Core Developments

The Residential Property Development business has commenced with the BDC project, a landmark development that will grow into the anchor project within the development business. This project broke ground during the year with the rollout of bulk and link infrastructure, including the construction of key arterial and connector roads within the precinct. The project is expected to deliver a minimum of 20 000 housing opportunities across a range of affordable housing typologies, strategically located within walking distance of the Marlboro Gautrain Station, in close proximity to job opportunities in adjacent Linbro Park Industrial Area as well as the Sandton and Waterfall City Central Business Districts ("CBDs"). Phase 1 bulk and link infrastructure installations are anticipated to be completed by the end of the current financial year, after which internal infrastructure development will commence over an estimated six-to-eight-month period. The initial phase of infrastructure delivery, encompassing both bulk and link and internal infrastructure, is expected to yield approximately 6 000 serviced opportunities over the next five years, to be rolled out in phases. Public Sector agreements remain in the approval stage, with notable progress made during the year towards finalisation. This has, however, placed strain on the business segments cash utilised in operations as funding is currently sourced from a combination of working capital and additional borrowings.

The continuous development and delivery from the integrated pipeline is evidenced through the completion of a 136-student bed development in Belhar for a private investor and the commencement of construction activities on a 630-student bed development for the University of the Western Cape. Within Gauteng, the completion of phase one of the mixed typology development in Fleurhof was achieved. This development with units selling from R399 000 and where the typology mix ranges from bachelor to three-bedroom apartments, has demonstrated encouraging demand across product types, with entry-level units performing particularly well in the current market.

Revenue for the segment increased marginally to R806 million (2025: R800 million), while the gross profit margin declined to 24% (2025: 27%), reflecting margin pressures experienced during the year while trading out non-core projects. Combined revenue decreased to R942 million (2025: R1.1 billion), primarily due to reduced activity within joint ventures and the impact of the change in accounting treatment of the BDC development from a joint venture to a joint operation (refer to the financial commentary below for further detail). Bulk and link infrastructure continued to be installed within Fleurhof, Belhar and Jabulani, collectively delivering 968 serviced opportunities into the pipeline for development in the next financial year.

The business remains committed to exploring opportunities to enhance affordability without compromising quality, in line with its guiding philosophy of ***"Building legacies. Changing lives"***.

Bankenveld District City

Revenue pipeline including the completion of non-core projects

	Location	Total remaining opportunities	Estimated from additional remaining opportunities Rand
Core projects			
Fleurhof	Gauteng	4 785	4 353 815 044
Belhar CBD	Western Cape	1 309	843 421 892
South Hills	Gauteng	4 495	3 126 318 159
Bankenveld	Gauteng	20 000	21 487 078 245
Non-core projects to be completed			
Jabulani Precinct	Gauteng	997	527 519 013
Scottsdene	Western Cape	220	119 865 839
32-on-Pine	Gauteng	16	55 728 596
La Vie Nouvelle	Gauteng	52	129 937 865
Total		31 874	29 272 743 748

The above pipeline excludes the non-core assets held by the Group, these include Kwa-Nobuhle, Witpoortjie, Vredehoek, Cornubia and Vista Park and excludes new land acquisitions and land parcels already owned to be unlocked.

The Residential Property Development pipeline remains robust, comprising more than 30 000 total opportunities at various stages of readiness. As communicated in the prior year, the pipeline above reflects the core developments – being those projects intended for development and sale and excludes land parcels classified as non-core assets earmarked for disposal.

At present, 1 377 (2025: 1 543 opportunities) opportunities are under construction, with a further 1 166 (2025: 1 833 opportunities) serviced opportunities available for immediate development. The balance of unserviced opportunities is largely attributable to the BDC project, where Phase 1 bulk infrastructure installation is currently underway. The reduction in the development pipeline is due to a combination of units handed over in the year and the removal of projects which the business has no intentions to develop in the next five years (now classified as non-core assets).

The acquisition of additional land parcels remains a key strategic priority for the business, especially land parcels in close proximity to existing integrated developments, enabling the business to leverage ongoing bulk and link infrastructure investments and achieve operational efficiencies. In addition, the identification and acquisition of new land parcels in the Western Cape remains a focus supporting continued geographic diversification of the development pipeline.

Sales performance remains a key determinant in the timing and scale of construction activity, with a disciplined, demand-led approach adopted to ensure optimal capital allocation and minimise the risk of completed units remaining unsold. The business closely monitors sales trends and targets, with construction activity in specific nodes triggered by demonstrated demand to align stock delivery with market absorption rates. This measured approach ensures that development remains responsive to prevailing market conditions maintains pricing integrity and avoids excess inventory. During the year, construction activity was moderated relative to initial expectations, reflecting a strategic alignment to current sales trends and market dynamics, rather than any underlying weakness in demand.

Residential market dynamics and expanding middle-income demographics

South Africa's affordable housing sector remains a key driver of residential market activity in 2026, supported by ongoing urbanisation, population growth, and sustained demand from low- to middle-income earners. Similarly, numerous studies show the rise of the middle class in South Africa. The middle class is defined by varying income thresholds (often between R8 000 and R30 000 per month), with education and location being key drivers of this status.

Macroeconomic conditions have shown gradual improvement, with a more stable interest rate environment and easing inflation providing some support to affordability; however, elevated construction costs, increasing municipal charges, and broader cost-of-living pressures continue to constrain both the business and consumers.

Access to credit remains a critical enabler, with increased lending activity – particularly to first-time buyers – supporting demand in the entry-level segment. As a result, the affordable housing market remains resilient, particularly in key metropolitan regions such as Gauteng and the Western Cape, where access to economic opportunities continues to underpin housing demand.

Interest rates and the cost of living

The home buyer has experienced a gradual easing of interest rates, with the repo rate at 6.75% and the prime rate at 10.25% following a late 2025 cut. While inflation has slowed to around 3.5%, the cost of living remains high due to rapid increases in essential services, particularly electricity and water, which have outpaced general inflation. At the time of writing, given the Iran war and the impact on the oil price, transport and general cost of living are expected to increase. The Group's countermeasures include the long-term development cycle of its projects, enabling it to navigate multiple economic cycles, as well as the strategic location of integrated developments in close proximity to employment hubs to reduce transport costs and commuting time.

Government infrastructure spending and housing initiatives

The South African government continues to address housing demand across the lower to middle-income segments through a combination of subsidy programmes, institutional reforms under Operation Vulindlela Phase II, and increased collaboration with the private sector. Fully subsidised housing under the BNG programme remains focused on low-income households, while the FHF programme supports first-time buyers in the gap housing market by assisting with deposits and mortgage affordability. In parallel, the expansion of social and rental housing aims to provide higher-density accommodation in urban areas closer to work and economic opportunities. Recent policy direction has increasingly emphasised public-private partnerships, the release of state-owned land, and infrastructure-led development to accelerate delivery. This commitment to infrastructure investment, with a focus on expanding capacity to meet growing demand and rehabilitating existing infrastructure, is evidenced by the allocation of over R1 trillion in the 2026 National Budget, to be deployed over the next three years. Notwithstanding these interventions, implementation remains constrained by fiscal pressures, infrastructure backlogs, and administrative inefficiencies, reinforcing the need for sustained private sector participation to meaningfully address the housing backlog.

Outlook

The outlook for the Residential Property Development segment remains positive but measured, supported by strong demand for affordable housing and a focused strategy on large-scale integrated developments. The continued rollout of infrastructure, particularly at BDC, is expected to unlock value through phased, demand-aligned delivery.

A disciplined, demand-led construction approach will remain key, ensuring development is aligned with sales trends and mitigating the risk of excess stock. The ongoing wind-down of non-core projects and targeted land acquisitions will further strengthen the portfolio and support long-term growth.

Cost adjustments from current macroeconomic conditions are being closely managed, however price escalations may impact overall contract values and ultimate price to market.

Overall, the business is well-positioned to deliver sustainable growth over the medium to long term, driven by a strong development pipeline, disciplined execution, and continued alignment with the affordable housing segment, which remains the most resilient and scalable component of the South African residential property market.

Legacy Hill Estate

Memorial Parks

During the year, the Memorial Parks business successfully launched the Rustenburg Memorial Park, expanding its footprint into the North-West province. The new park has delivered a strong performance, with burial rates and sales volumes exceeding those achieved at comparable parks at a similar stage of development. Benefits have been gained from increased brand awareness and few viable burial options in Rustenburg, with our entry into the area with a strong product offering being well received. This expansion, together with another year of growth in revenue, profit and cash collections, reflects a strong set of financial results for the business.

The memorial parks industry, inherently linked to the certainties of life, requires not only sound business acumen but also a deep sense of empathy and responsibility. Guided by these principles, the Group continues to navigate evolving market dynamics and customer needs, ensuring that growth is aligned with its commitment to service excellence.

Revenue increased to R86 million (2025: R68 million) through both increasing market share and the completion of layby sales in the year. The business maintains a semi-fixed cost structure and improvements in sales volumes positively impacted the gross profit margin of 54.90% (2025: 50.90%).

One strategic objective for this business remains maintaining cash collections to a level that fully covers Group overheads, allowing the Group to commence integrated developments of scale with initial lumpy cash flows, the medium-term goal remains the generation of sufficient, stable income to also absorb the Group's financing costs. The long-term objective aims to generate a ROIC in line with the Group targets.

Total cash received (including VAT)

(R million)	**2026 FY**	2025 FY	2024 FY
Nasrec (Gauteng)	**48.9**	41.3	25.3
Fourways (Gauteng)	**32.9**	33.5	25.1
Enokuthula (Gauteng)	**4.7**	3.4	1.9
Bloemfontein (Free State)	**1.7**	2.0	1.3
Durbanville (Western Cape)	**18.6**	15.3	14.6
Rustenburg (North West)	**0.02**	–	–
	106.9	95.5	68.2
Movement	**11.94%**	40.03%	

Cash receipts grew by 11.94% in the year. This upward trend reflects success in improved sales strategies, increased market penetration, and enhanced customer confidence in the Memorial Parks business.

Nasrec Memorial Park

Layby cash receipts grew by 24% to R30.4 million, underscoring the effectiveness of the strategy to reduce the barrier to entry. The successful adoption of the layby offering across all the parks indicates that consumer demand remains strong and increased market share can be leveraged by lowering the barrier to entry. The layby sales increased by 59% to R45 million in the current year, with the active layby book ending in the current year at R59.7 million, showing a 29.7% increase yearly, with the cancellation/default rate on laybys remaining within 5% of the total sign-up value.

Management continues to drive the expansion of the layby book. This assists in stabilising future cash flows and mitigating seasonal fluctuations in cash collections, while assisting our customer base to prepare for the future. The revenue recognition policy on these laybys remains conservative, ensuring revenue recognition only upon successful collection of the full purchase amount.

** Anticipated grave densities and turnover once outstanding regulatory matters have been resolved at the park.*

Demand, market shortage and price trends

Our adaptive marketing and affordable offerings fuelled a sales surge, sustaining the business through the quieter annual period. Market demand for premium burial spaces remains high, driven by a growing preference for private, well-maintained memorial parks.

Significant untapped potential remains in the market, particularly in cremations and interments, where Calgro M3 currently holds a relatively small share. By expanding our product portfolio and targeting these segments, we aim to capture a larger share of this growing market. Additionally, continued investment in new sections within existing parks will enable us to enhance our offerings and optimise pricing strategies to align with market trends.

Outlook

Looking ahead, our focus will be on expanding reservation sales through both cash purchases and layby options, ensuring sustainable market growth. The introduction of new products, strategic partnerships, and targeted marketing efforts will further strengthen our position.

Organic expansion through the repurposing of Group-owned land parcels is an exciting development for the upcoming year and supports the strategic pillars. This will be carried out alongside the acquisition of viable parks, should they become available.

As we continue to innovate and expand, we are confident that our Memorial Parks division will maintain its trajectory of strong financial performance and increasing market leadership.

Fourways Memorial Park

Financial performance

In the current financial year the Group has shown marginal growth in revenue driven by the temporary shift in the product mix of units sold towards the mid-to-high market segment, as the Group executes the 2026 strategy. A slight increase in administrative expenses and a decrease in contributions from joint ventures have led to a 4% reduction in profit for the year.

Statement of comprehensive income financial metrics

Rand	**February 2026**	February 2025	Movement	Percentage movement
Revenue	**893 174 205**	868 906 517	24 267 688	3%
Gross profit	**242 913 300**	255 720 011	(12 806 711)	(5%)
Gross profit %	**27.20%**	29.44%	(2.24%)	(8%)
Administrative expenses	**(98 610 226)**	(95 477 969)	(3 132 257)	3%
Share of profit of joint ventures – net of tax	**23 982 406**	42 874 266	(18 891 860)	(44%)
Finance costs	**(43 493 049)**	(60 303 274)	16 810 225	(28%)
Profit after tax	**160 230 003**	166 115 884	(5 885 881)	(4%)

Statement of comprehensive income

Revenue increased by 3% for the current year as a result of a shift in the product mix of units sold towards the higher market segments. These segments are currently being strategically prioritised for completion in line with the 2026 strategic pillars, in particular a focus on non-core projects where units were completed and sold.

Gross profit margins remain above the target range of 20% to 25% at 27.20%. The margin in excess of the target is due to the benefit gained from historic land and infrastructure costs and the favourable project and product mix.

Cost containment remains a key focus area, with administrative expenses contained to a 3% increase to R99 million, broadly in line with inflationary adjustments for the year. Marketing and employee-related costs continue to comprise a significant portion of this spend. Investment in marketing supports the Group's focus on accelerating sales of available stock and enhancing brand visibility, while increased employee-related costs reflect ongoing investment in building a sustainable talent pipeline.

Finance costs recognised in the statement of comprehensive income decreased during the year, due to the commencement of infrastructure development within the BDC project, resulting in the capitalisation of a portion of borrowing costs to the BDC qualifying asset.

The share of profit from joint ventures decreased to R23 million, attributable to lower activity levels within joint ventures and a change in the accounting treatment of the BDC development, this change has been explained in further detail below.

EPS decreased to 167.36 cents (February 2025: 171.72 cents), while HEPS decreased to 156.76 cents (February 2025: 171.36 cents), the Group bought back 1.3 million shares in the period, the full impact of this will be seen in the 2027 financial year.

Change in accounting treatment of BDC development

During the current financial year, the shareholders of Bankenveld District City Proprietary Limited finalised an amended shareholders' agreement, necessitating a reassessment of the accounting treatment of the investment. Under the previous agreement, the investment was classified as a joint venture. However, the revised agreement confers in substance rights to the underlying assets and obligations for liabilities to the shareholders, resulting in the investment being accounted for prospectively as a joint operation. Accordingly, the Group has proportionately consolidated its share of the assets, liabilities, income and expenses from the effective date of the change. No adjustments are required to prior period financial information.

Statement of financial position financial metrics

Rand	**February 2026**	February 2025	Movement	Percentage movement
Cash and cash equivalents	**183 722 961**	154 722 535	29 000 426	16%

Bankenveld District City

Statement of financial position and cash flow

Total assets grew by 13% year-on-year to R3.7 billion. The largest contributor to this remains the construction contract balance which increased by 26% and now stands at R2.1 billion. This growth reflects the Group's continued investment in infrastructure within Fleurhof, Jabulani and Belhar and the commencement of infrastructure installation on BDC, alongside an increase in completed units at the reporting period. With the change in accounting treatment of the investment in BDC the current year financial information includes the R206 million asset brought onto the Group's balance sheet, this asset is not reflected in the comparative year. This investment in both infrastructure and completed units accounts for approximately 50% of the construction contracts balance at the end of the reporting period.

The Group's liquidity position strengthened, with cash and cash equivalents increasing to R183 million (2025: R154 million) on the back of additional liquidity secured to fund the BDC project. The Group reported cash utilised in operations of R99 million for the period. Although showing improvement in the second six months of the year the investments made into non-core projects which are still under construction and infrastructure spend on BDC have negatively impacted cash reserves. BDC, currently with no finalised infrastructure cost recovery agreement in place, requires approximately R150 million to finalise the first phase of infrastructure. Once these agreements are finalised the Group will recover the costs incurred to date.

The increase in trade and other receivables was due to a timing difference on receipts from over time contracts, this was subsequently received after year-end. Trade and other payables decreased by 15% year-on-year, reflecting the impact of the deliberate reduction in construction activities in the current financial year.

Borrowings and covenants

The Group's net debt-to-equity ratio is 0.74:1 (2025: 0.65:1) as of the reporting period. This ratio remains within acceptable limits, sitting below the Group's stated target of 0.75:1 for February 2026, however this is significantly under the regulatory covenant threshold of 1.5:1.

As communicated in the 2026 strategy, short-term increases are expected for the Group borrowings in order to bolster cash reserves to bridge the capital requirements for the BDC project which requires significant upfront capital investment. This increase is strategically aligned to the execution of the 2026 strategy which requires cash injections to be made to exit non-core assets and projects. The capital amount of the borrowings balance increased to R1.3 billion.

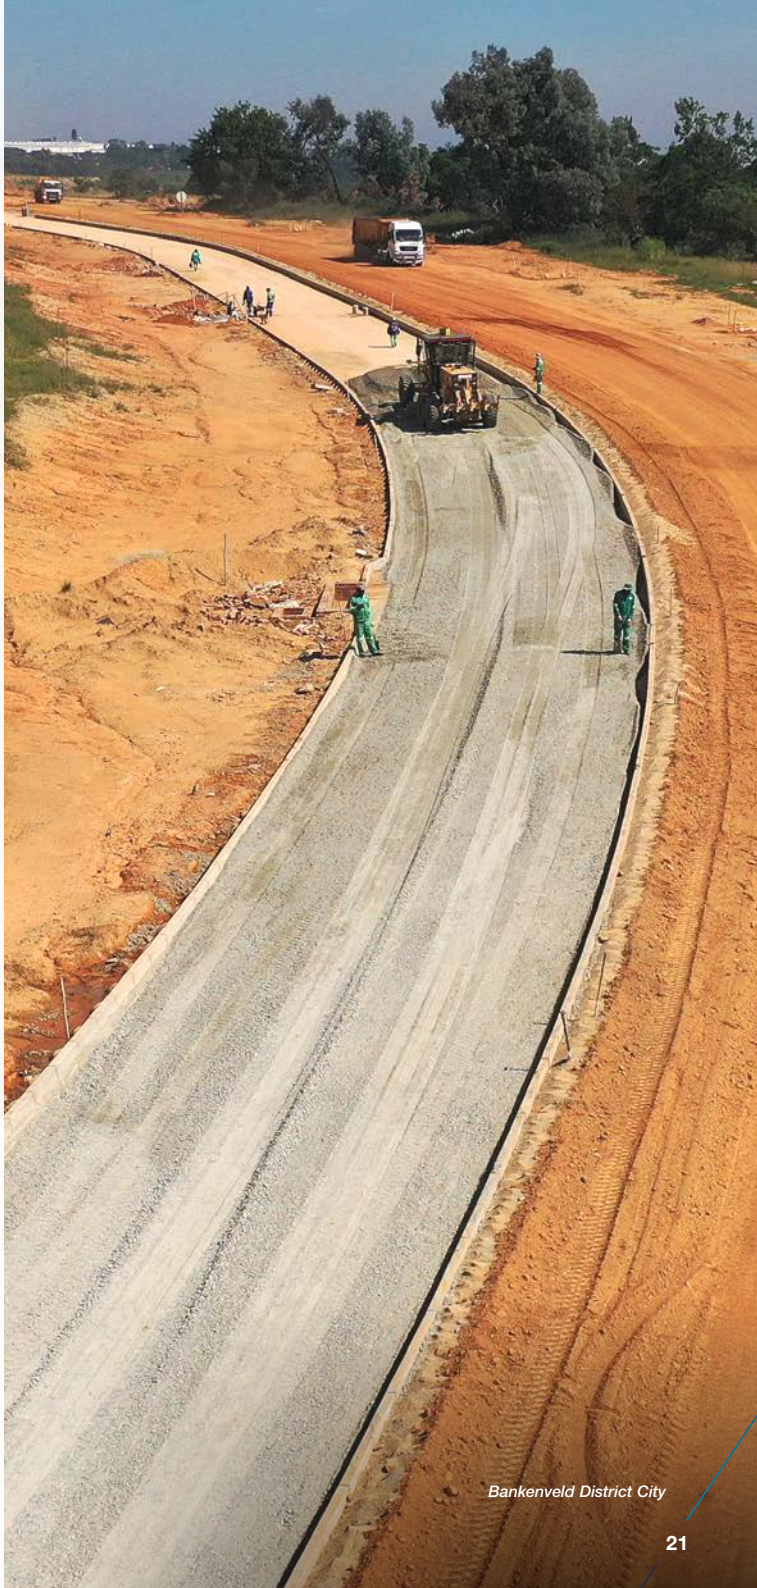

During the financial year, the Group repaid R297 million in debt, reinforcing its commitment to disciplined capital management. In response to cyclical working capital requirements, the Group also raised an additional R566 million.

Overall, the Group's debt levels remain sustainable, supporting both strategic growth initiatives and financial stability within its operations.

A summary of the movement in debt and maturities is as follows:

	Rand
Opening balance 1 March 2025	**1 088 000 000**
New debt	**567 500 000**
Debt repaid	**(297 500 000)**
Closing balance – 28 February 2026	**1 358 000 000**

Maturity profile	Rand
FY 2027	**240 500 000**
FY 2028	**395 000 000**
FY 2029	**450 000 000**
FY 2030	**210 000 000**
FY 2031	**62 500 000**

Bankenveld District City

Dividend policy

The approved Dividend Policy is to pay dividends annually, calculated at a minimum of 5% of the HEPS. Dividends will be declared by the Board post-approval of the annual audited financial statements, with all registered shareholders eligible.

Dividend declaration

Notice is hereby given that the Board has approved and declared a final gross cash dividend, consistent with the previous financial year, of 8.63703 cents per ordinary share (2025: 8.63703 cents per share) from income reserves in respect of the year ended 28 February 2026. The dividend was approved and declared on Monday, 18 May 2026. The net cash dividend payable to shareholders subject to dividend tax is 6.90962 cents per share (2025: 6.90962 cents per share). The total dividend for the year amounts to 8.63703 cents per share (2025: 8.63703 cents per share).

As of this announcement's date, the Company has 113 054 050 shares in issue, of which 17 673 449 are held in treasury. The total dividend payable is R9.76 million (2025: R9.87 million).

The Board has confirmed that the solvency and liquidity test as contemplated by the Companies Act, No. 71 of 2008, has been duly considered, applied and satisfied. This is a dividend as defined in the Income Tax Act 58, 1962 and is payable from income reserves. The dividend is subject to a South African dividend withholding tax rate of 20%, resulting in a net dividend of 6.90962 cents per ordinary share, unless the shareholder is exempt from paying dividend tax or is entitled to a reduced rate of dividend tax in terms of an applicable double-taxation agreement.

The income tax number of the Company is 9613501155.

Relevant dates to the final dividend are as follows:

Publication of declaration date	Monday, 18 May 2026
Last day to trade *cum* dividend	Monday, 15 June 2026
Commence trading *ex*-dividend	Wednesday, 17 June 2026
Record date	Friday, 19 June 2026
Dividend payable	Monday, 22 June 2026

Share certificates may not be dematerialised and rematerialised between Wednesday, 17 June 2026 and Friday, 19 June 2026, both dates inclusive.

Where to from here?

Looking ahead, the Group will continue to execute its strategic pillars, with a clear focus on unlocking value and strengthening long-term sustainability. Priority will be given to disposing of non-core assets, accelerating the completion of remaining non-core projects, and expanding the Memorial Parks footprint to boost recurring cash flows, whilst continuing to deliver serviced opportunities in the core pipeline.

Although net debt is expected to increase in the short term to support ongoing development and infrastructure investment, the long-term objective remains the reduction of debt through balance sheet optimisation and asset realisation. The continued rollout of the BDC project marks a significant step in redefining the Group's integrated housing delivery model, providing a scalable platform for phased, demand-led development. At the same time, active management of concentration risk through diversification across multiple projects, ensuring that production is balanced across the core project portfolio. This approach allows for a mix of milestone-based and point-in-time contracts to be executed within a year, enabling effective management of cash flows and enhancing overall financial resilience. Collectively, these initiatives position the Group to enhance operational efficiency, improve capital allocation, and drive sustainable value creation.

Appreciation

We would like to thank our employees, their families, our clients, and shareholders for your ongoing support. Thank you to all members of the management team for remaining dedicated and loyal to the Group.

Additionally, we extend our appreciation to the Chairman and the Non-Executive Board members for their continued guidance, wisdom, and support, for which we are genuinely grateful.

Our commitment to ***"Building legacies. Changing lives"*** remains steadfast, entrenched in the DNA of Calgro M3, as we continue to address a critical need in the South African marketplace for homes and memorial parks.

Our capitals, risk management and strategic objectives

In this section, we outline our strategic objectives and approach to doing business, including our short, medium and long-term goals to evolve and then amplify our sustainable returns and debt restructuring plans.

Further to the above we will outline the Group's risk management, covering the likelihood, impact, and overall risk weightings of major risks.

Our project pipelines are detailed on pages 16 and 19.

Our capitals and value creation

Establishing sustainable business practices begins by recognising the broader social and environmental responsibilities that we have as an organisation towards society and the communities we operate in. We strive to enhance our product offering, setting new standards for sustainable Residential Property Development and Memorial Parks that will benefit all stakeholders along the value chain. ***"Building legacies. Changing lives"***.

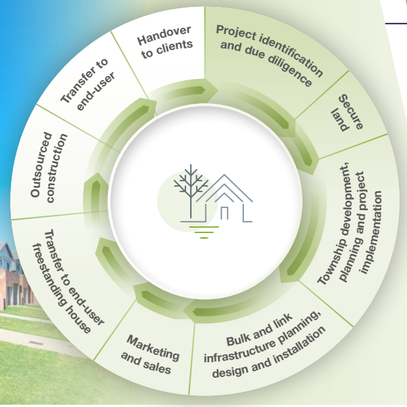

Our variable approach affords Calgro M3 the opportunity to manage each aspect of the Residential Property Development and Memorial Parks businesses and in this way, trap margin within the business, while ensuring high-quality end products and services at an affordable price to the customer. We provide end-to-end solutions, through specialist business units and dedicated management that focus on high growth, niche markets and ensure a deep pool of expertise.

Capital areas	Key areas	
Financial capital	Funds obtained either from equity, debt, proceeds from capital recycling activities or internally generated funds	▸ Retain sufficient profit for growth and deliver acceptable ROIC ▸ Debt funding ▸ Cash from operations ▸ Subsidies ▸ Centralised treasury
Intellectual capital	Our brand, reputation as well as the innovative designs and layouts used in our product offerings	▸ In-house professional teams and market specialist ▸ Brands and intellectual property ▸ Project management
Talent capital	Our employees, whose skills and wellness ensure optimal running of the Group	▸ Skills development, training and education ▸ Culture of making a difference ▸ Values and ethics
Social and relationship capital	Our relationship with internal and external stakeholders, especially the communities we operate in, enables us to fulfil our purpose	▸ Stakeholder relationships ▸ Health and safety ▸ Skills and enterprise development ▸ Project focused CSI initiatives ▸ Community development and involvement
Manufactured capital	Our effective management of the assets, including our project pipeline to service clients	▸ Land development (including regulatory approvals) ▸ Installation of infrastructure ▸ Construction oversight ▸ Sales, marketing and related hand over process
Natural capital	Sustainably managing natural resources in both the development and after sales phase of products to ensure long-term value creation for clients	▸ Land ▸ Water conservation ▸ Energy source

Our value creation

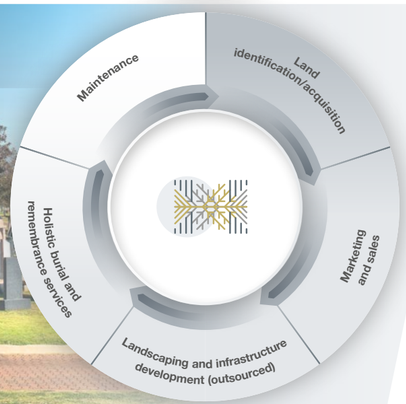

Residential Property Development

Memorial Parks

Inputs into FY 2026	Outputs for FY 2026
▸ Reinvested 50% of wealth back into the Group ▸ Available facilities of R268.75 million	▸ ROIC of 4% ▸ Net/debt to equity increased to 0.74 ▸ Return on equity 10% ▸ Margin of 27.20%, above target range of 20% to 25% due to unit mix developed and sold in the year ▸ Employee remuneration R106.8 million, representing 33% of wealth distribution by the Group
▸ Continuous investment in innovative building designs whilst challenging the efficiency of design layouts to improve margins ▸ Diversified product offering across both segments	▸ Launch of new block designs incorporating a spread of unit sizes to cater for multiple LSMs ▸ Launch of new berm grave product across the pipeline at a new price point to increase market demand ▸ Group efficiencies in designs from standardisation of unit designs as a result of continuous efficiencies implemented
▸ 143 permanent employees with the relevant skills, knowledge and experience ▸ Diverse workforce by gender, race, age and tenure ▸ Strong leadership team, driving our values and culture	▸ 69% of employees trained to the value of R1.4 million ▸ 48% woman employment ▸ 77% previously disadvantaged employment ▸ 10% staff turnover ▸ 0 adverse labour disputes ▸ Wellness programmes initiated for all employees with successful uptake
▸ Strong stakeholder relationships ▸ Maintaining stringent health and safety protocols to safeguard all stakeholders on development sites	▸ Spent in excess of R4 million on enterprise development ▸ R1.3 million spent on corporate social investment in the year ▸ Involvement in multiple community outreach programmes ▸ Zero fatalities ▸ Successfully passed all Health and Safety ISO recertification audits with no findings
▸ 1 543 housing opportunities under construction and to be handed over ▸ 76% of pipeline serviced (excluding BDC) ▸ 117 471 burial opportunities available	▸ Residential Property Development and Memorial Parks pipeline R31.8 billion ▸ Undeveloped land within inventory to the value of R519.57 million – valued at cost as no revaluations of land is done ▸ Construction contracts investment in the current year R226.4 million
▸ Water management and energy efficient systems installed across all developments and offices	▸ 23% of waste recycled in current year ▸ 1 778m^3 water used across office network

Strategic objectives

Financial capital | Intellectual capital | Talent capital | Social and relationship capital | Manufactured capital | Natural capital

Our strategic objectives address material issues identified as potential risks that could significantly affect the Group's ability to create value in the short- to long-term. Our strategies and their value creation in terms of the six capitals are represented in the tables below:

Strategic objective	Capitals	Short-term objectives	Medium to long-term objectives
Sale of non-core assets These sales have been categorised into specific buckets based on the readiness for sale: ▸ Bucket 1 (short term) – The Cornubia and the Vredehoek projects, a portion of the mid-to-high portfolio ▸ Bucket 2 (medium term) – Kwa-Nobuhle and the remaining mid-to-high portfolio ▸ Bucket 3 (long term) – Witpoortjie		▸ Progress being made with the sale of non-core assets. ▸ Reduction in the mid-to-high pipeline in the FY26 financial year through repurposing land owned within the Group for future Memorial Parks.	▸ Disposal of the remaining non-core assets is planned to be staggered over the next five years. ▸ The sale of these assets is expected to be in line with or in excess of the current book values.
Trading out of smaller non-core development projects over the next five years		▸ Non-core projects have been identified with proposed roll-out dates. ▸ In the current financial year, the Group has transferred all available units within Scottsdene, with the next phase of construction in the financial year.	▸ Roll-out of remaining non-core projects over the medium to long term.
Secure additional development opportunities: ▸ to maintain diversification across provinces (Western Cape) whilst expanding the Memorial Parks footprint ▸ acquisition of land parcels in close proximity to current developments		▸ Expanding the integrated development pipeline in the Western Cape to ensure diversification across provincial locations in order to manage municipal concentration risk. ▸ Obtaining burial rights for two properties near the Fourways Memorial Parks which is currently in the Group's mid-to-high property portfolio.	▸ Exploring development opportunities in properties adjacent to current projects. ▸ Expand the Memorial Parks segment by commencing operations on a new memorial park every two years, in an aim to increase cash collections and profit contribution from the business segment.
Maintain net debt to equity of below 0.75:1, whilst managing the relationship between the Group's net debt level in relation to its market capitalisation by delivering on short to medium-term goals		▸ Net debt to equity at 0.74:1. ▸ In the short term debt level increases are expected, this will allow for the execution of the strategic objective of completing non-core projects and attaining the required approvals for sale of non-core assets.	▸ To utilise a portion of the proceeds from the sale of non-core and liquidation of the non-core projects to reduce the net debt position of the Group. The long-term goal remains the closer alignment of net debt to the Group's market capitalisation.

Strategic objectives *(continued)*

Strategic objective	Capitals	Short-term objectives	Medium to long-term objectives
Cash preservation and liquidity of balance sheet Maximising cash generation and roll-out of existing core project pipeline and sale of non-core assets		▸ Short-term liquidity through the sale of non-core assets and the completion of non-core projects. ▸ Total available liquidity amounts to R283 million. ▸ The Group has begun to install the bulk and link infrastructure in the Bankenveld District City development, this along with internal infrastructure is expected to be completed in mid-FY28.	▸ Long-term liquidity achieved through the sale of non-core assets and the completion of non-core projects. ▸ Commence top structure development within the Bankenveld District City project. This development is expected to deliver cash flow returns within the medium term. ▸ Ensure diversification across projects by balancing exposure across remaining integrated development pipeline.
Consistent, predictable cash flow from the Memorial Parks business to stabilise lumpy cash flows from the Residential Property Development business		▸ Memorial Parks contributed R103 million to cash receipts to support the funding of Group overheads.	▸ Growth in Memorial Parks segment, through strategic expansions, aims to increase cash inflows to cover the cost of both Group overheads and the interest expense.
Targeted ROIC		▸ Continuous annual improvement in the ROIC until the long-term target is achieved.	▸ This is advantageous to the overall sustainability and growth of the Group, as well as ensuring that capital is invested where it creates real economic value. ▸ The current long-term target is to grow the ROIC to 15% in the next five years through the execution of the refined strategy.
50% female representation across all levels of management		▸ Continuous focus being placed on female representation, which currently is at 48%.	▸ Improve and maintain the target levels in the medium to long term.

Risk management

Effective risk management processes and procedures are vital for the Group to achieve its strategic and operational goals, particularly in the current environment of change and uncertainty. The Board recognises that risk is intrinsic to the Group's operations. There is, however, a balance to be struck between managing risk and exploiting opportunities.

An outline of five key risks identified by the Group as well as mitigation of the risks are summarised on pages 28 to 29, as approved in February 2026.

Risk management process

The Board assesses the Group's operational and strategic business risks with a view to eliminating, minimising or mitigating such risks and their effects on the Group's strategies and operations. Group Executive Committee ("Exco") is responsible for managing risk through the day-to-day roll-out of effective risk management processes that it delegates to the various management committees.

The Board defines acceptable risk tolerance levels and has tasked the Audit and Risk Committee to continually identify key risks and ensure acceptable risk tolerances through the executive risk control processes across business-specific risk areas. This sets the matrix for regular and ad hoc reporting, if required, by management to the Audit and Risk Committee and the subsequent reporting to the Board.

The Audit and Risk Committee oversees risk management in the Group and relies on the internal and external auditors as well as systems of internal control, to obtain comfort that risks are reduced to tolerable levels. Furthermore, the Audit and Risk Committee oversees cooperation between the internal and external auditors and serves as a link between the Board and these functions.

The systems of internal control are designed to provide reasonable but not absolute assurance as to the integrity and reliability of the Annual Financial Statements, to safeguard and maintain accountability of the Group's assets and to identify and minimise fraud, potential liability, loss and material misstatement while complying with applicable statutory laws and regulations. There are inherent limitations to the effectiveness of any system of internal control, including the possibility of human error and the circumvention or overriding of controls. The system is therefore designed to effectively manage rather than eliminate risk.

The Board receives feedback on the effectiveness of internal controls to mitigate risk via the following:

- Quarterly operational risk management reporting from Exco;
- Assurances provided by Board committees on certain or specific risks and actions taken to mitigate these risks;
- Audit and Risk Committee feedback from internal and external auditors; and
- Management feedback on the reliability and efficiency of the systems of internal control.

The Board believes the systems of internal control have continued to improve during the reporting period and are enough to minimise the risk of material loss and to provide accurate and reliable reporting. The Board is satisfied that systems of internal control have provided reasonable but not absolute assurance, and nothing has come to their attention during the year to indicate a material breakdown in the systems of internal control.

Further details on financial risk management, including the Group's exposure to interest rate risk, credit risk and liquidity risk, are contained in note 3 to the Annual Financial Statements.

Management of key risk

Calgro M3 classifies risks that could have a material impact on the Group into the categories of operations, financial, reputation and strategic. The risks listed below are scored according to probability, impact and control effectiveness resulting in the residual risk within the Group. Below is a summary of company-specific actions implemented to mitigate these risks to acceptable levels.

Risks and mitigation strategies

Risks are part of a business and at Calgro M3 risks that could impact operations are carefully and actively monitored in the short, medium and long term. As a management team we remain cognisant of the impact of the broader operational environment and the vital role it plays in performance objectives.

Risks are monitored and updated regularly to assist, not only the Board, but also the Executive Management team, in guiding day-to-day decision making.

Key operational risks

Inherent and residual risk

- 0 – 19 Insignificant
- 20 – 39 Minor
- 40 – 59 Moderate
- 60 – 79 Major
- 80 – 100 Extreme

Risk category

- O Operational
- R Reputational
- S Strategic
- F Financial

Control of risk

- Effective
- Strong
- Adequate
- Needs improvement
- None

Capitals

- Financial capital
- Intellectual capital
- Talent capital
- Social and relationship capital
- Manufactured capital
- Natural capital

Stakeholder impact

- Employees
- Customers
- Government (local, provincial and national)
- Communities in which we operate
- Shareholders, investors, analysts and media
- Environmental agencies and interest groups
- Suppliers, service providers and specialists
- JSE and other regulatory bodies
- Financial institutions and debt capital providers
- Joint venture and other parties

Level	Key operational risks identified	Inherent risk	Control over risk	Residual risk	Internal (I)/ external (E)	Risk category	Stakeholder impact	Risk link to capitals	Risk link to SDGs	Mitigation strategies
1	Public Sector instability				E	S, O, F			1 NO POVERTY; 16 PEACE, JUSTICE AND STRONG INSTITUTIONS	Maintaining and building relationships within Public and Private sector, allowing the Group to manage exposure to various sectors
2	Land invasions				E	O, F			1 NO POVERTY; 16 PEACE, JUSTICE AND STRONG INSTITUTIONS	▸ Enhanced communication via the appointment of community liaison specialists. ▸ Continuous security presence and surveillance on sites. ▸ Exposure to fewer areas through disposing of non-core assets ▸ Swift utilisation of the judicial system

5	Retention of Executive Management				I	O F				Mix of short, medium and long-term remuneration to be implemented

Environmental, social and governance (“ESG”) snapshot

The ESG Report 2026 (available on the Calgro M3 website) contains a comprehensive analysis of our Company’s performance in terms of Environmental, Social, and Governance (“ESG”) standards.

It includes detailed information about our sustainability strategies, initiatives, achievements, and challenges we faced during the year. We encourage you to look at the report to gain a deeper understanding of our commitment to sustainability and responsible business practices. The outcomes of our integrated thinking are contained in easy-to-reference data tables.

We are acutely aware that our actions and decisions are closely tied to our impact on the lives and livelihoods of all our stakeholders. Calgro M3 has long recognised the value of reporting on ESG matters and, as a responsible corporate citizen, has also understood the need to maximise both the economic and non-economic value generated for its stakeholders.

In South Africa, corporate social investment is critical, alongside what the government can and is able to do. Calgro M3 remains better poised than ever to assist in closing the housing gap in keeping with our vision of ***“Building legacies. Changing lives”***.

This is supported by our theme #sustainable**growth**, and this forms the basis of our integrated thinking in all that we do to ensure that we produce breakthrough and sustainable outcomes.

From start to finish, across all operations, a dynamic working environment is in place which supports future success, wellbeing and prosperity of communities.

We invest in developing shared public spaces and in social, educational, sport and recreational facilities.

We engage with stakeholders to understand their challenges and needs, incorporating their inputs into our outputs.

We employ design principles and affordable, eco-friendly, and durable energy and water solutions even in our most affordable product offerings.

We create employment, encourage skills and enterprise development, and support entrepreneurship.

We respect and adhere to high governance standards.

We take care of the environment, rehabilitating and protecting the natural surroundings and thereby preserving them for future generations.

La Vie Nouvelle

Calgro M3 is focused on meeting environmental, social, governance and financial targets to ensure a sustainable impact. With the continuous focus on ESG matters, Calgro M3 has long recognised the value of providing insights into our sustainable and ethical responsibilities, and, as a responsible corporate citizen, has understood the need to maximise both the economic and non-economic value generated for its stakeholders.

Key data points

Calgro M3 is proud of the data tables included in this ESG report, seeing them as a clear expression of our commitment to transparency and informed disclosure. The data points are measured across the Group categorised by:

1. Our people
2. Health and safety
3. Corporate social responsibility
4. Our environmental efforts
5. Governance

SUSTAINABLE DEVELOPMENT GOALS

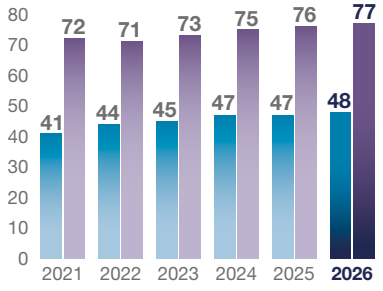

Tier 1 SDGs central to achieving our strategy

Tier 2 SDGs in support of our strategy

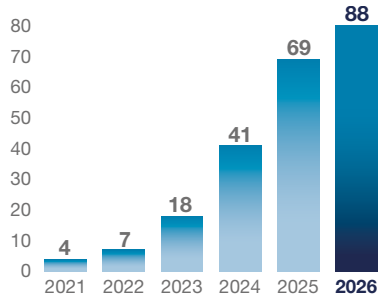

Strive for continual employee engagement, enhancement and fair treatment

Parental leave policy in place

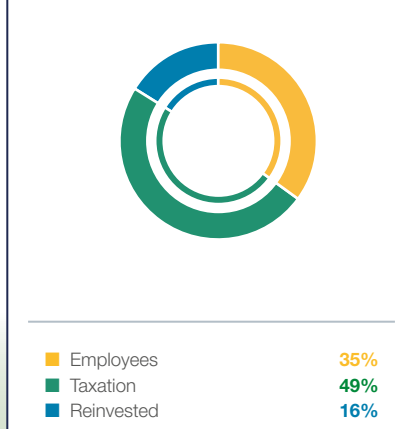

Percentage of women and HDSA employees (%)

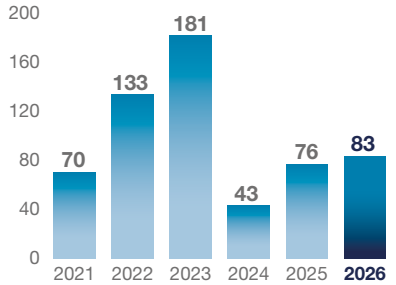

Percentage of employees trained (%)

Distribution of wealth 2026 (%)

Total volume of waste recycled or reused (tons)

Prioritising the environment, energy-efficient homes, water harvesting and conservation and the preservation of green spaces and biodiversity is a major focus

Independent Board Chairman – Lead Independent Director

Workplace fatalities – 0 fatalities

Compliance with and feedback on King IV™ application register with an outline for the adoption of King V™ across the next reporting period

Health, Safety and Environment ("HSE") Management System certification

Advanced level status retained – United Nations Global Compact

05
Governance

This chapter includes feedback from our Chairperson, including his views on the business and the wider industry. The composition and qualifications of the Board are discussed, along with information on the skills they possess to ensure meaningful engagement with the Executive Management of the Group.

A Remuneration Report from the Chairperson of the Nominations and Remuneration Committee provides shareholders with all the essential information needed regarding remuneration structures and performance requirements to vote at the Annual General Meeting.

The chapter also includes the Social and Ethics Report, which offers feedback to shareholders and stakeholders on Calgro M3's approach to corporate social investment and how it maintains an ethical culture throughout the Group.

Chairman – Independent Non-Executive Director

Hatla Ntene (71) | *BSc (QS), Dip. Con. Econ, Dip. Civ. Eng, PRQS, PMAQS, Pr.CPM*

Hatla's qualifications include a Bachelor of Science (Quantity Surveying) degree from the University of Dublin, a diploma in Construction Economics from the Bolton Street College of Technology in the Republic of Ireland and a diploma in Civil Engineering, Lerotholi Polytechnic. Hatla is currently Executive Chairman of Mvua Property Partners and Pulaprop Property whilst remaining involved in all aspects of property development and investment. He is a Non-Executive Director of the JSE listed WBHO as well as a Board member of a property investment company which has a direct social impact in under-served, rural South African communities. Hatla was previously a partner in Farrow Laing Ntene, one of the largest quantity surveyor firms in South Africa. Hatla was also the Property Executive Manager of Propnet (Property Division of Transnet) for three years.

Skills set Finding a person with over 30 years of experience in the property industry is rare and the insight which Hatla provides to the Board is highly regarded. Potential pitfalls are pointed out early to avoid wastage of time and money.

Lead Independent Non-Executive Director

Ralph Bruce Patmore (72) | *BCom, MBL (SBL)*

Ralph brings a valuable 10 years' experience in building materials distribution as former CEO of Iliad, as well as a wealth of industrial manufacturing experience, as a former Director of Everite Holdings Limited and Group Five Limited. Ralph currently serves as a Non-Executive Director on the boards of Mustek Limited and Trellidor Holdings Limited.

Skills set With his vast industry experience, including, but not limited to, being a former Executive Director of Everite, Group Five, Illiad and subsidiaries in Unihold and Malbak, comes a valuable approach to specific industry thinking and expertise.

Independent Non-Executive Directors

Dr Mduduzi Edward (Mdu) Gama (57) | *PhD (Finance)*

Mdu holds a PhD (Finance) degree and various management qualifications from South African, US and UK universities. Mdu is currently Group CEO of Resultant Group and previous CEO of Resultant Finance Proprietary Limited. He is a founder, Director and a significant shareholder of various other companies. Mdu is also the Chairman of the University of Johannesburg Trust.

Skills set A doctorate in finance combined with an entrepreneurial flair blends exceptionally well with Calgro M3.

Independent Non-Executive Directors *(continued)*

Themba Baloyi (49) | *Henley Executive MBA, ACIS, ND CMA*

Themba was appointed as an Independent Non-Executive Director to the Board from March 2020. He studied and completed Cost and Management Accounting, Corporate Governance through ICSA and has an Executive MBA from Henley Business School (UK). He completed business leadership studies though Gordon Institute of Business Science, University of Cape Town Graduate School of Business and Duke University (US). Themba is an innovative and entrepreneurial business leader who founded Discovery Insure Ltd ("Discovery Insure"), a short-term insurance company launched in 2011. The Discovery Insure work propelled him to win the 2018 CNBC Africa All Africa Business Leaders 'Entrepreneur of the Year Award'. He was honoured as a 2015 World Economic Forum Young Global Leader. He is a Fellow of the Aspen Institute Global Leadership Network and is the Chairman of the Allan Gray Orbis Foundation and chairperson of Curro Holdings, amongst others.

Skills set His knowledge of the insurance and financial sectors parallels with aspects of Calgro M3's own business model, particularly the Memorial Parks business, where Calgro M3 foresees good product diversity and growth opportunities.

Tyrone Moodley (40) | *BCom (UJ)*

Tyrone is the co-founder of Midbrook Lane, a private investment company which was sold to Conduit Capital. He served as interim CEO of JSE listed Taste Holdings ("Taste") during the 2018/2019 financial year working closely with Domino's Pizza Inc. and Starbucks Corp. in order to redefine the long-term strategy of Taste. As of April 2019 he moved back into a Non-Executive Director role. His early career started at Sasfin Securities as a Research Analyst before leaving to start Midbrook. Mr Moodley obtained a Bachelor of Commerce degree from the University of Johannesburg. He is a partner at Protea Asset Management LLC.

Skills set His expertise in over 15 years in investment-related activities, business development and corporate finance is extremely valuable to Calgro M3.

Leo Chou (46) | *BCom*

Leo oversees private investment companies and operating businesses based in South Africa and internationally. He has over 20 years' experience in capital management, investment and entrepreneurship, with private operating businesses spanning manufacturing, exclusive local brand licensing and wholesale distribution, retail and niche logistics, alongside treasury management activities and investments in listed marketable securities.

He contributes a shareholder perspective to Board deliberations, with experience in shareholder-centric corporate governance, disciplined capital allocation, balance sheet stewardship and long-term value creation across both private and listed company environments.

Skills set Capital allocation and capital structure discipline; investment oversight; Board-level governance and fiduciary stewardship.

Kholeka Mzondeki (59) | *FCCA (UK)*

Kholeka sits on several JSE-listed company boards as an independent non-executive director. She is an internationally (United Kingdom) qualified chartered accountant (FCCA, UK) with extensive experience in senior finance executive roles as FD and CFO.

She currently sits on the Nampak, Thungela Resources, where she serves as Chairperson of the Audit Committee, amongst others and previously Chairman of Trudon (a Telkom subsidiary of which she sat on the main board). She was part of the board that was instrumental in the Telkom turnaround setup in 2012. She has served as non-executive board member on several JSE-listed entities across the construction, property, and mining sectors.

She has strong financial and business qualifications with an impressive record of accomplishment of more than 25 years of hands-on experience in strategic planning and implementation, company setup, and listing, business turnaround and transformation. Her strength also lies in her experience across industries, having lived and worked in different countries.

Skills set Her experience includes a deep understanding of the role and responsibilities of the Board and its supporting committee structures.

Executive Directors

Ben Pierre Malherbe (60) | *BSc (QS), MBA*

Ben Pierre obtained a BSc (Quantity Surveying) degree from the University of the Free State and an MBA from the Stellenbosch Business School. In 2001, together with his brother and the Steyn brothers, they formed Calgro M3. In 2005, Ben Pierre was appointed as a Director of the Company. He was appointed Chief Operating Officer of Calgro M3 in 2007 and appointed CEO in January 2009. After stepping down as CEO in 2017 and as a non-executive director in 2019, and taking time away from the industry, he was re-appointed as CEO and Board member in the last quarter of 2024. Ben Pierre has extensive operational and strategic experience in the property development sector.

Sayuri Naicker (36) | *CA(SA)*

Sayuri was appointed as Financial Director of Calgro M3 with effect from 1 March 2022 after joining the Group in 2021 as the Group Financial Manager. In 2024 Sayuri took over the Group treasury role and was appointed as Chief Financial Officer in 2025. She is a qualified Chartered Accountant, having completed her articles with PricewaterhouseCoopers ("PwC") in 2014, following which she remained at PwC until 2021. Whilst there, Sayuri gained valuable experience in finance, tax, capital allocation and financial risk with respect to JSE-listed and multi-national companies in numerous industries, including construction, property development and mining.

Allistiar Langson (40) | *LLB, PDP (UCT)*

Allistiar Langson serves as Group Executive Director and Managing Director of Calgro M3 Developments. Before joining Calgro M3, Allistiar held senior positions in the property sector, including roles in a private equity fund, demonstrating his extensive industry experience and leadership. Allistiar's academic background includes an LLB degree, a Postgraduate Certificate in Property Development from the University of Cape Town Business School, and additional postgraduate certifications from the Wits School of Law. His professional journey underscores his commitment to driving growth and innovation within the property development industry and the Company.

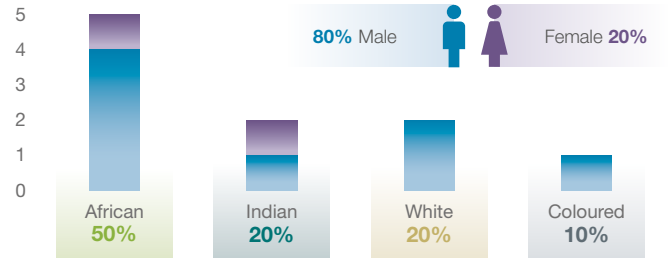

Company Secretary

Juba Statutory Services, represented by Sirkien van Schalkwyk | *BLC, LLB*

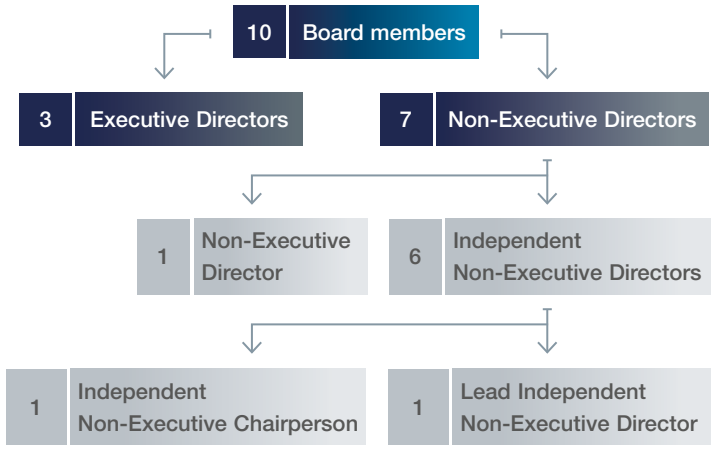

Sirkien van Schalkwyk (BLC, LLB) has more than 25 years' company secretarial experience and has acted as company secretary for a number of companies. Founded in 2010, Juba's prime focus is on a limited number of clients to ensure a high quality of service. These clients include listed companies on the main board of the Johannesburg Stock Exchange, the Alternate Exchange (AltX), Cape Town Stock Exchange (CTSE) as well as big private companies – all having to comply with the Companies Act, 2008 as amended, the JSE Listings Requirements, CTSE Exchange, King V™, etc.

Experience (number of Directors)

Chairperson's report

The Group's strategy is grounded in decades of experience and comprehensive institutional knowledge within its markets. Clear strategic pillars are ensuring consistency and focus. Management has sharpened its priorities to allocate capital to a select few high-return strategic initiatives, backed by a proven record of disciplined capital management. Coupled with a thorough understanding of market dynamics, these strengths enable the Group to continue generating sustainable long-term value for shareholders.

Hatla Ntene | Chairperson

I am pleased to present the chairperson's report to Calgro M3 shareholders and stakeholders for the year ending February 2026. Towards the end of the 2025 calendar year, Calgro M3 reported on a strategic direction that it would embark on, in an effort to ensure sustainability into the future. These #sustainable**actions** broadly include:

1. **Sale of non-core assets (non-contributing assets with no intention for development in the next five to 10 years).**
2. **Balancing the two business segments in the long term by reducing the number of non-contributing projects in the Residential Property Development business, and increasing the Memorial Parks business footprint.**
3. **Manage the relationship between the Group's net debt level in relation to its market capitalisation by delivering on short to medium-term goals.**
4. **Focus on enhancing staff expertise through strategic skills development initiatives and appointing specialists allowing for skills transfer.**

I am pleased to report that the sale of non-core assets gained traction towards the end of the year, as did the positioning to trade out of non-core projects. These are projects which Calgro M3 does not have the intention of progressing over the next five years, and so readying them for sale makes sense.

This initiative will leave the Residential Property Development business with core projects to focus on, the largest one being the BDC project. This has become a core focus of the Group and will be part of our story for the next 15 years. Much the same as the experience, expertise and commitment that Calgro M3 has shown towards the Fleurhof project, which remains an important project to us and which has grown in stature, size and importance for the community it houses – a well-integrated development, close to places of work and providing the community with a host of amenities.

Turning to the year under review, despite challenging economic conditions, the Group commenced infrastructure installation at BDC, made progress on units transferred from non-core developments, achieved strong organic growth from Memorial Parks through the repurposing of Group-owned land parcels (previously earmarked for mid-high projects) and progress on our newest memorial park in Rustenburg, and retained level 1 B-BBEE accreditation.

The Group's revenue increased to R893 million, driven by higher unit sales in the non-subsidised categories. This supported a gross profit margin of 27%, above the 20% to 25% target, aided by past infrastructure costs. Although reducing net debt is a long-term goal, borrowings grew to fund the completion of non-core project development, infrastructure within BDC, and units to a sale-ready state.

Liquidity and cash flow management remain critical to the successful execution of the Group's strategy, with available liquidity of R283 million at year-end. The Group continues to debt repayments and the refinancing of existing facilities to ensure sufficient capital is available to support ongoing development activities and execution of the strategic priorities as the bedrock to sustainability.

EPS decreased to 167.36 cents (February 2025: 171.72 cents), while HEPS decreased to 156.76 cents (February 2025: 171.36 cents). The Group bought back 1,327,525 shares in the period, the full impact of this will be seen in the 2027 financial year.

The combined core development pipeline remains robust, comprising approximately 31 874 residential opportunities and 114 827 burial opportunities. This pipeline reflects projects aligned to the Group's strategic focus and long-term growth objectives and provides a combined total pipeline worth R31.8 billion which excludes opportunities in non-core project.

Pleasingly, the Group announced that shareholders will receive a dividend of 8.63703 cents per ordinary share (2025: 8.63703 cents per share).

What will set Calgro M3 apart and continue to support #sustainable**growth**?

I believe it is valuable to spend some time analysing Calgro M3's capacity to sustain growth in the future. This applies to both the Residential Property Development business and Memorial Parks, although the latter is a more recent addition to the Group. It has shown remarkable growth, mainly because it has carved out a niche within a large area of need in South Africa. The same can be said for the Residential Property Development business.

This is a Group that is committed to specialise in markets it has navigated for decades.

Our strategic pillars codify what we have done successfully for many years, rather than introducing untested ideas, and our vast success at Fleurhof and a host of other developments is testament to this. These lessons have provided the foundation from which new ideas and learnings have grown, and these learnings, along with consistency, have led to growth rather than constraints.

Commitment to governance

Calgro M3 is committed to the highest levels of governance and continues to apply the 16 principles of King IV™. Given that King V™ will be applied in the new financial year, we have included our performance against the 16 principles in the ESG report as well as the inclusion of a gap analysis on focus areas for the coming year's update.

Environment, Social Impact, Governance ("ESG") reporting

Our diligence in reporting on ESG matters remains unwavering. A separate ESG Report is available on the Calgro M3 website.

The report details our achievements across a vast array of metrics and includes data tables with more than 80 data points reported on. A summary of our ESG Report, contained in this Annual Report on **pages 30 to 31**, contains examples of progress made in areas of importance to us, but for a full appreciation of our seriousness across all ESG metrics, it is recommended to take a look at the full 2026 ESG Report, which is on the Calgro M3 website.

We are proud of taking into account the UN Sustainable Development Goals ("UN SDGs") and explaining how we focus on seven that are central to achieving our strategy and five that support it. Greater detail on these can be found on **page 4** of the 2026 ESG Report.

7 UN SDGs central to achieving our strategy

5 UN SDGs in support of our strategy

Annual General Meeting

Our Annual General Meeting ("AGM") will take place on Thursday, 25 June 2026.

At the AGM held on 25 June 2025, all resolutions were passed by the requisite majorities of the Company's shareholders, except for the non-binding advisory votes on the remuneration policy and the remuneration implementation report. As the non-binding advisory votes did not pass by the requisite majorities, engagement with dissenting shareholders was undertaken, as is required. Calgro M3 extended an invitation to dissenting shareholders to engage with Calgro M3 around their reasons for voting against the relevant resolution/s.

Additional information on the process of engagement with shareholders can be found in the Remuneration Report on **pages 40 to 52** of this Integrated Annual Report.

Board of Directors

The Board operates as a unitary entity consisting of three Executive Directors, five Independent Non-Executive Directors and one Non-Executive Director. The Chairperson of the Board is an Independent Non-Executive Director. Additionally, the Board has a Lead Independent Non-Executive Director whose responsibilities include acting as a sounding Board for the Chairperson, enhancing the Board's independence, and providing support and guidance to the Directors. The Board has the necessary knowledge, experience and diversity in terms of skills, experience and demographics. During the year under review, there were two new appointments to the Board of Directors being Kholeka Mzondeki and Leo Chou.

Appreciation and outlook

I express my sincere appreciation to the Executive Management team, diligent staff, reliable suppliers, dedicated contractors, and esteemed fellow Board members for their unwavering commitment and tireless efforts in support of Calgro M3. Through exceptional teamwork, we made significant progress over the past year. I am proud to lead such a talented and committed group of individuals who have contributed immensely to the business's success.

By embracing #sustainable**growth** we continue to support our fellow South Africans by tackling the shortfall of housing and burial sites in South Africa. We remain confident that Calgro M3 will continue to capitalise on this need and ensure continued sustainability. This is especially true as we move forward on the ground-breaking BDC project.

The strategic pillars, which form the foundation of the strategy and are primarily focused on our largest business, Residential Property Development, are all about doing the most value-accretive activities even better. The Memorial Parks business delivered another excellent result and coupled with brand awareness, marketing, a strong pipeline and outstanding products that are in demand, we are confident that this segment will continue to provide annuity income to the Group.

We look forward to the year ahead, prepared to roll out the pipeline and secure #sustainable**growth** for Calgro M3's stakeholders and shareholders.

Hatla Ntene

18 May 2026

Remuneration report

Committee: Ralph Patmore (Chairperson), Hatla Ntene, Themba Baloyi and the Group Chief Executive Officer (invited to attend committee meetings)

The report highlights the Calgro M3 Remuneration Philosophy, Remuneration Strategy and the Remuneration Policy for Directors (Executive and Non-Executive) and all employees.

We have divided the report into three parts being:

Part 1: Remuneration background, philosophy and strategy

- Employees remain the backbone of the business.
- During the 2026 financial year, employees received 30% (2025: 33%) of the total wealth created by the Group.
- Discussions were held with dissenting Shareholders post the 2025 AGM. Changes have been made to the Remuneration Policy to take into account the concerns tabled during these discussions.

Part 2: Remuneration policy

Target is to remunerate all employees between the 25th and 90th percentile when short and long-term incentives are included.

Lower to middle tier employees and middle management	Senior management	Executive Directors
Remuneration structure includes: 1. Annual Guaranteed Remuneration: Bench-marked at between the 50th and 75th percentile. 2. Short-term Incentive Scheme. 3. Long-term Service Award Incentive Scheme.	Senior management remuneration is made up of four different components, being: 1. Annual Guaranteed Remuneration: Bench-marked at between the 50th and 75th percentile. 2. Short-term Incentive Scheme. 3. Long-term Share Appreciation Right Incentive Scheme. 4. Long-term Service Award Incentive Scheme.	Executive Directors remuneration is made up of four different components, being: 1. Annual Guaranteed Remuneration: Bench-marked at between the 50th and 75th percentile. 2. Short-term Incentive Scheme. 3. Long-term Share Incentive Scheme. 4. Long-term Cash Incentive Scheme.

Part 3: Remuneration implementation report

- Executive Directors received short-term incentives in terms of approved policy.
- Total remuneration and employee costs increased to R106 million.

Part 2 and 3 will be put to a non-binding advisory vote at the 2026 Annual General Meeting ("AGM") (Ordinary resolution 14.1 and 14.2).

Part 1: Remuneration background, philosophy and strategy

Remuneration philosophy

Calgro M3's remuneration philosophy is designed to attract, develop, and retain passionate, committed, and talented people who are required to effectively implement the overall Calgro M3 strategy to create value for shareholders.

Over many years, the Group has refined its remuneration policy and practices to support our aim of being a thriving, growing company which is highly dependent on the motivation of its people.

The Group believes that its remuneration practices are in line with King IV™ remuneration governance principles, and that these principles underpin the achievement of its business objectives, its ethical culture, and an overriding philosophy of "pay for performance".

Remuneration strategy

The remuneration strategy takes cognisance of local and industry specific remuneration best practices to ensure that the Group attracts and retains the appropriate skills and talent. The Remuneration Committee considers a holistic compensation model when approaching the remuneration of all employees, Executive Directors and prescribed officers, members of the management teams within the Group and Non-Executive and Independent Non-Executive Directors.

Shareholder engagement and voting

Understanding and being responsive to the material interests of various stakeholders, including shareholders, is critical to delivering on Calgro M3's core business strategy. In line with best practice (notably King IV™) and the JSE Listings Requirements, the remuneration policy together with the implementation report (as contained in the annual Remuneration Report) will be tabled for two separate non-binding advisory votes by shareholders.

At the 2025 AGM the result of the non-binding advisory votes on the remuneration policy and the remuneration implementation report was:

	Remuneration policy %	Remuneration implementation report %
For	**74.60%**	**74.60%**
Against	**25.40%**	**25.40%**

As the non-binding advisory votes did not pass by the requisite majorities, engagement with dissenting shareholders was undertaken, as is required. Calgro M3 extended an invitation to dissenting shareholders to engage with Calgro M3 around their reasons for voting against the relevant resolution/s; and

Calgro M3 ascertained the reasons for dissenting votes and responded with constructive feedback to shareholders' questions, queries, and concerns. Executive Management, together with the Lead Independent Non-Executive Director, who is also the Chairman of the Remuneration Committee, met with the dissenting shareholders to discuss the Key Performance Indicators ("KPI") they proposed be implemented. Certain of the KPIs were not relevant to Calgro M3's business model. It is felt that a reasonable compromise was settled upon.

The Remuneration Committee, as per its mandate undertook to disclose the results of its shareholder engagement in the following feedback:

The manner and form of the engagement with dissenting shareholders took place via MS Teams and follow up telephone calls.

The nature of the steps taken by Calgro M3 to address legitimate and reasonable objections and concerns raised by dissenting shareholders

1. Engagement with the dissenting shareholder was undertaken to fully understand concerns.
2. The concerns were tabled and discussed with the Remuneration Committee, which forwarded recommendations to the Investment Committee for input on metrics to be applied to executives. These inputs along with the amended remuneration philosophy was ratified by the Board.
3. The outcome was discussed with dissenting shareholders and the outline of KPIs for Executive Directors is included in this Remuneration Report (see **pages 40 to 52**).

Part 2: Remuneration policy

To give effect to the remuneration philosophy and strategy the below remuneration policy has been developed to ensure that Group Executive Management, senior management and other employees as well as the Non-Executive Directors are fairly remunerated and appropriate structures are developed to ensure fair, competitive and appropriate structured remuneration in the best interest of both the Group and its stakeholders.

The Company's target is to remunerate all performing employees between the 25th and 90th percentile when short and long-term incentives are included, thereby ensuring that employees are properly benchmarked within their respective disciplines. Further to this, we also differentiate between short-term incentive and long-term incentive targets for different levels of employees, and businesses and departments in the Group. This is all in an endeavour to ensure that employees are financially motivated in their respective fields.

The Remuneration Committee ensures that the components of remuneration, being annual guaranteed remuneration, short-term incentive, long-term service awards and long-term incentive structures are linked in such a way as to achieve the Group's strategy, and drive performance objectives. In the case of management in each of the underlying investments, the Group has identified that each entity requires a different mix of the elements of remuneration.

Executive and senior management remuneration is based on principles of retention of key and critical skills and to drive performance in alignment with shareholders' interests, through guaranteed pay and short and long-term incentives. A significant portion of the executives' total potential remuneration is performance-related in order to drive the right behaviour to optimise Company performance. Targets are set annually in the context of prospects of the Group and the prevailing economic environment in which it operates.

Calgro M3 also makes provision for employee retirement funding by means of a defined contribution fund, which is compulsory for all salaried employees.

Remuneration components of different employment levels

A. Lower to middle tier employees and middle management

Lower to middle tier employees and middle management remuneration is made up of three different components, being:

Annual Guaranteed Remuneration	Short-term Incentive Scheme	Long-term Service Award Incentive Scheme
Bench-marked at between the 50th and 75th percentile.		

Annual Guaranteed Remuneration

The Group utilises a total "cost to company" approach which encompasses a cash component, and retirement funding contributions for all employees on this level. Consideration is given to benchmarking remuneration surveys which enables reliable comparisons of remuneration for job descriptions and other disciplines in the sector.

Increases for these employees will again be adjusted at our increase cycle in June, taking into account CPI and prevailing economic conditions. The Group will continue to provide an additional increase to our lowest earning staff members to promote distribution of wealth to this bracket.

Extraordinary increases on this level are performed on a case-by-case basis, only when suitable and required, in areas of critical skills to ensure continuity and retention of these employees.

Short-term Incentive Scheme

All permanent employees within this level qualify for a bonus incentive in terms of the Short-term Incentive Scheme on the following basis:

General Short-term Incentive Scheme

A short-term bonus incentive pool is calculated annually by the Group based on Group performance during the financial year ended, after considering growth and expense management across the Group. In this regard:

- Incentive payments are generally payable in December of the financial year, with additional top up payments occurring in May of the following year, should Group performance justify such additional payment.
- The bonus pool is divided by the total average staff payroll to determine the average incentive per employee.
- A minimum allocation per employee is determined by Group Exco.
- Any surplus incentive amounts are allocated to highly committed, top performing employees as determined by Group Exco.
- An employee on this level will not qualify for a short-term incentive scheme bonus if he/she:
  - Is still in probation period.
  - Is under performance management.
  - Received a final written warning during the period.
- An employee on this level will only qualify for 50% of a bonus if he/she received any general written warnings in the period.

Sales agents in all businesses

Our sales agents are remunerated on a variable commission structure that is based on a sliding scale and volumes sold. This commission is payable monthly if various sales and closing milestones are reached. These structures are revisited from time to time to ensure maximum sales performances.

Memorial parks

Memorial Park staff are rewarded in a similar manner to lower to middle staff with allocations of short-term incentives being based on the park's performance.

Long-term Service Award Incentive Scheme

All permanent employees on this level qualify for long-term service awards when reaching employment period milestones as follows:

Five years of service

Two extra leave days per year to be added to the employee's annual leave, bringing the leave days up to 17 days from the normal 15 days.

Ten years of service

- Another two extra leave days per year to be added to the employee's annual leave, bringing the leave days up to 19 days from the 17 days he/she had post five years' employment.
- A long-term service award payment in December of the year you reach this goal – equal to two months' salary at the time of payment (this is in addition to any short-term incentive payment that may have become payable in that year).

Fifteen years+ of service

- Another two extra leave days per year to be added to the employee's annual leave, bringing the leave days up to 21 days (maximum leave days for any staff member) from the 19 days he/she had post 10 years' employment.
- A long-term service award is paid in December of the year you reach this goal equal to three months' salary at the time of payment (this is in addition to any short-term incentive payment that may have become payable in that year).
- A long-term service award equal to three months' salary for every five-year increment after 15 years (this is in addition to any short-term incentive payment that may have become payable in that year).

B. Senior management

Senior management remuneration is made up of four different components, being:

Annual Guaranteed Remuneration	Short-term Incentive Scheme	Long-term Share Appreciation Right Incentive Scheme	Long-term Service Award Incentive Scheme
Bench-marked at between the 50th and 75th percentile.			

Annual Guaranteed Remuneration

As is the case with lower to middle tier employees and middle management, the Group also utilises a total "cost to company" approach for senior management which encompasses a cash component and retirement funding contributions. Consideration is given to benchmarking remuneration surveys which enables reliable comparisons of remuneration for senior management job descriptions and other disciplines in the sector.

Increases for senior management will be adjusted at our increase cycle in June, taking into account CPI and prevailing economic conditions.

The Group will also award extraordinary increases to senior managers on a case-by-case basis, only when suitable and required, in areas of critical skills to ensure continuity and retention of senior management.

Short-term Incentive Scheme

A short-term incentive pool is calculated annually based on the performance of the relevant business within the Group reaching pre-determined growth milestones during that year, in Group Exco's discretion. In this regard:

- Incentive payments are generally payable in May of the following year (post year-end result approval by the Board).
- All senior managers share in the senior manager incentive scheme bonus pool.
- The portion of the incentive bonus pool that each senior manager is entitled to is based on the senior manager's annual income, level of management seniority within the Company's structures, his/her management portfolio, department operational risk profile, performance and commitment.
- Should minimum annual growth not be met, Group Exco is at liberty to allocate a discretionary incentive bonus.
- A senior manager will not qualify for a short-term incentive scheme bonus if he/she:
  - Is still in probation period.
  - Is under performance management.
  - Received a final written warning during the period.
- A senior manager will only qualify for 50% of a short-term incentive bonus if he/she received any general written warnings in the period.

Long-term Share Appreciation Right Incentive Scheme

The long-term share appreciation right incentive scheme was approved in June 2021. This scheme, which is an adaptation of the 1 March 2010 Executive Share Appreciation Right Incentive scheme, aims to align the interests of senior management and shareholders, as the share value-based remuneration to be received by the management team is determined by the growth in value of the Company's shares.

In terms of the scheme:

- Share appreciation rights ("SARs") are allocated to Participants at a Base Price. Should the required growth of a Share be achieved in terms of the provisions of the scheme, each SAR, once vested, entitles the Participant to receive Calgro M3 Shares or cash (to be determined in the sole discretion of the Board), representing the positive difference between the Base Price and the Vesting Price.
- Each allocation has a five-year term and allocated SARs vest in four equal annual tranches on each of the Vesting Dates, with the first vesting being in year two.
- SARs will only vest if the following minimum required Vesting Prices are attained, being that on the:
  - First Vesting Date, the Base Price has increased cumulatively (compounded) by 20% or more for the preceding two years.
  - Second Vesting Date, the Base Price has increased cumulatively (compounded) by 20% or more for the preceding three years.
  - Third Vesting Date, the Base Price has increased cumulatively (compounded) by 20% or more for the preceding four years.
  - Fourth Vesting Date, the Base Price has increased cumulatively (compounded) by 20% or more for the preceding five years.
- Should the vesting conditions not be met on a Vesting Date, the allocated SARs that would have vested in the year in question shall be transferred to the subsequent year. Should the vesting conditions be met in the subsequent year, the allocated SARs vesting in that subsequent year shall include the allocated SARs that were carried over from the previous year. Should the vesting conditions again not be met in the subsequent year, the allocated SARs that were carried over will lapse. Such lapsed allocated SARs will revert back to the scheme.
- In terms of the scheme, shares are allocated to employees and linked to employment, and no right or rewards in respect of the SARs will vest prior to any Vesting Date. This gives rise to an effective lock-in period.
- The frequency of the awarding of SARs, including SARs to new Participants or additional SARs to existing Participants from time to time, shall be determined by the Board from time to time.
- The maximum aggregate SARs that may be allocated to any one Participant may not exceed 3 500 000 SARs.

Long-term Service Award Incentive Scheme

All senior managers qualify for long-term service awards when reaching employment period milestones on the same principle and basis as is contained in the lower to middle tier and middle management section of this report.

La Vie Nouvelle

C. Executive Directors

Executive Directors remuneration is made up of four different components, being:

Annual Guaranteed Remuneration	Short-term Incentive Scheme	Long-term Share Incentive Scheme	Long-term Cash Incentive Scheme
Bench-marked at between the 50th and 75th percentile.			

All of the above are intended to be linked in such a way as to achieve the Group's strategy, and drive performance objectives.

To assist the Committee with the above different components, independent benchmarking is undertaken from time to time with a review performed by Willis Towers Watson in March 2024.

Annual Guaranteed Remuneration

As is the case with lower to middle tier employees, middle management and senior management, the Group also utilises a total "cost to company" approach for Executive Directors, which for Executives encompasses a cash component and retirement funding contributions. In addition to the consideration of the holistic executive remuneration benchmarking referred to above, the Group considers also benchmarking remuneration surveys which enables reliable comparisons of the guaranteed remuneration component for Executives.

Increases for Executive Directors will again be adjusted at our increase cycle in June, taking into account CPI, prevailing economic conditions and the performance of the Group.

Short-term Incentive Scheme

The objectives of the executive short-term incentive policy are:

- To motivate Executives to manage and lead the business successfully and to drive strong long-term growth in line with strategy and business objectives.
- To provide competitive and balanced, performance-related remuneration.
- To ensure that the interests of the executives are aligned with those of shareholders by linking remuneration to the Company's bottom line profit ("HEPS"), Return on Invested Capital ("ROIC"), Debt to Equity Ratio ("D/E") and Broad-Based Black Economic Empowerment ("B-BBEE").
- To ensure that there is transparency and fairness in the executive remuneration.

The Short-term Incentive Scheme bonus pool is calculated on percentage growth in increments.

Short-term incentive payments are generally payable in May of the following year (post year-end result approval by the Board).

All Executives share in the Executive Directors short-term incentive scheme bonus pool.

Note: If IFRS Accounting Standards changes come into effect after targets have been set, the incentive pool will be calculated, paid and reported on based on the IFRS Accounting Standards requirements in place at the time of setting the targets.

The below short-term incentive scheme has been developed to meet the needs of shareholders based on ongoing stakeholder engagements, this incentive scheme aims to foster an environment that continuously prioritises the improvement of capital efficiency. A transition phase exists which requires continuous improvement in ROIC aiming for a target greater than 15%. This policy will be reviewed on an annual basis to ensure the objectives align with capital efficiency metrics.

Short-term Incentive Scheme pool calculation:
A bonus pool ("the pool") available for distribution will be created based on the growth in headline earnings per share ("HEPS") year on year.

Should growth not be achieved no pool will be available for distribution.

Bonus pool calculation:

- Growth greater than prior year HEPS (After incentive payment) = 3% of PAT
- Growth greater than 10% to prior year HEPS (After incentive payment) = 5% of PAT
- Growth greater than 15% to prior year HEPS (After incentive payment) = 6% of PAT
- Growth greater than 20% to prior year HEPS (After incentive payment) = 7% of PAT
- Growth greater than 30% to prior year HEPS (After incentive payment) = 8% of PAT
- Growth greater than 40% to prior year HEPS (After incentive payment) = 9% of PAT
- Growth greater than 50% to prior year HEPS (After incentive payment) = 10% of PAT

One hundred percent of the pool will be awarded subject to the following hurdles being achieved:

- Up to 40% will be forfeited if the target for ROIC is not achieved.
  - The goal is to achieve a year-on-year increase, with a target greater than 15% by year five.
  - If the target is not achieved or bettered in any one year the following penalty will apply
    - Up to 10% below target 20% of the pool is forfeited
    - Greater than 10% below target 40% of the pool is forfeited
- Up to 20% will be forfeited if the target set for D/E is not achieved.
  - Prior to implementing this target two actions need to be implemented
    - Consolidate all debt on the Group Balance Sheet.
    - Sale of Non-core Assets. These assets will be divided into two buckets which will provide a target Rand value to be achieved for year one and year two.
    - The sale of non-core assets will be the target measure used for this element in the first two years (FY27 and FY28) after which the D/E ratio target will be implemented
  - If the target is not achieved or bettered in any one year the following penalty will apply
    - Up to 10% below target 10% of the pool is forfeited
    - Greater than 10% below target 20% of the pool is forfeited

- Up to 20% will be forfeited if the target set for B-BBEE is not achieved.
  - The target is maintaining the level 2 rating.
    - If a level 2 rating is not achieved 10% of the pool will be forfeited
    - If a level 4 rating is not achieved then 20% of the pool will be forfeited.

An Executive Director will not qualify for a short-term incentive scheme bonus if he/she:

- Is still in probation period.
- Is under performance management.
- Received a final written warning during the period.
- An Executive Director will only qualify for 50% of a short-term incentive bonus if he/she received any general written warnings in the period.

Short-term discretionary incentive payments

In the event that none of the above short-term targets are met and the short-term incentive pool becomes unavailable, which could be for various reasons beyond the control of the Executives, the Board has a discretion to incentivise Executive Directors through awarding an individual with a discretionary bonus of up to 20% of his/her annual Guaranteed Remuneration in recognition of exceptional performance in operating in/under a difficult environment and circumstances.

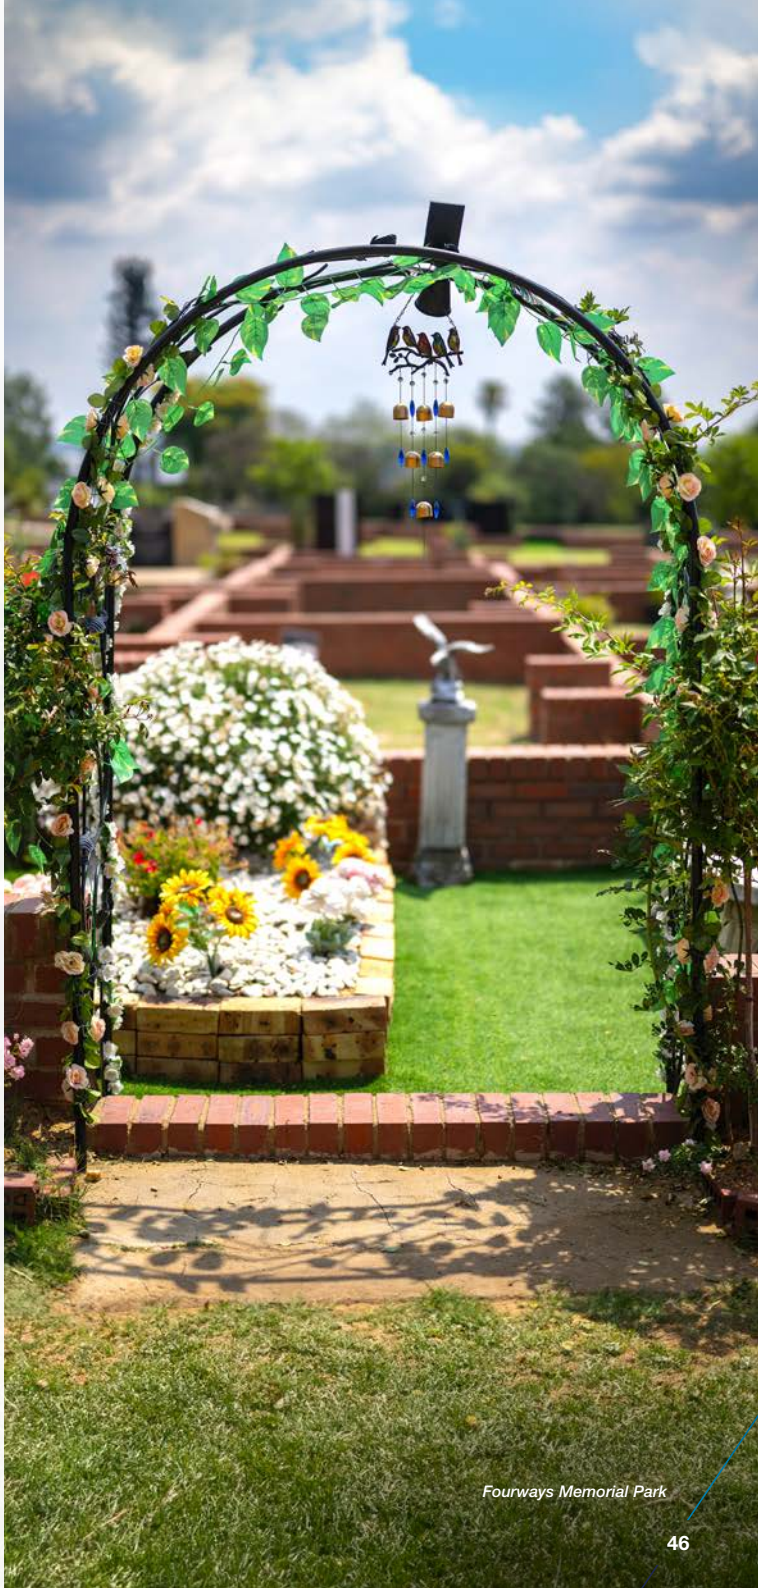

Long-term share incentive scheme

An Executive Share Incentive Scheme was approved (as a retention component) in June 2023, commencing 1 March 2023, to remunerate Executive Directors over the long term. The implementation of this scheme should ensure that the interests of the Executive Directors are aligned with those of shareholders as the value of the share-based remuneration to be received by the Executive Directors is determined by the growth in value of the Company's shares. The salient provisions of the scheme are as follows:

- It is a long-term share-settled retention scheme: The Scheme is a five-year equity-settled, share-based Scheme, in terms of which Options to receive Shares will be issued by the Company to elected Participants.
- Options will vest in five equal tranches of 20% each and shall vest on the 1st, 2nd, 3rd, 4th and 5th anniversary of the Award date.
- The Scheme has no hurdle rates and is solely based on continued employment.
- An Option to receive a Share, once vested and exercised, shall result in a delivery of a Share to the Participant at no cost.
- Vested Options must be exercised by a Participant by delivering an Exercise Notice.
- The Options forming part of the first Award was made by the Board to Participants elected by the Board, on the 1st day following the publication of the Company's annual financial statements for the Financial Year ending 28 February 2023 on the basis that the 5 tranches will vest as at 15 January 2024 and on 15 January for the four years thereafter.
- The Board may then, going forward, from time to time resolve to award Options to Participants selected by it to participate in this Scheme.
- The Board shall have the final authority to determine (i) who will participate (ii) the number of Options awarded to a Participant (iii) the commencement date of the Award.
- The frequency of the awarding of Options, including any new or additional Options from time to time, shall be determined by the Board from time to time.
- The aggregate number of Shares which may be settled in terms of the Scheme may not exceed 10 000 000 Shares.
- The maximum number of Shares settled to any single Participant may not exceed 3 000 000 Shares.
- Settlement of Options exercised can take place through:
  - purchasing the required Shares on the market.
  - the use of treasury shares.
  - issuing and allotting new Shares.

Long-term Cash Incentive Scheme

An additional cash award, based on 50% of the short-term incentive, as set out in the short-term section above, will be paid in two equal deferred portions, with the first being 12 months later (end of May in the year following the year in which the award is made) and the second portion being paid 24 months later (end of May, two years after the year in which the award is made).

Fourways Memorial Park

D. Directors' remuneration and contracts

Executive Directors

The schedules containing the breakdown of the annual remuneration for Executive Directors are included in Part 3: Remuneration Implementation Report.

Executive Directors are appointed on the Group's standard terms and conditions of employment.

Non-Executive Directors' fees for approval

Non-Executive Directors ("NEDs") are remunerated for their membership to the Board and the various Board committees. Shareholders are required to ratify the Non-Executive Directors' fees in advance at the Calgro M3 Annual General Meeting. To comply with the requirements of King IV™, the Board has directed that Non-Executive Directors' fees are split between an annual retainer and an attendance component.

None of the Calgro M3 short-term and long-term incentive schemes, or any of the executive share-based incentive schemes apply to Non-Executive Directors and they may not participate in or benefit from them.

The weighting per meeting and per committee was previously revised after input from shareholders. The proposed fees for the 2026/2027 financial year, representing a 5% increase on the prior year, are as follows:

	2026/2027						
Director	Annual retainer fee	Board Chair	Audit committee chair	Audit committee meeting attendance	Any other committee chair	Remuneration and nomination committee, Social and ethics, Investment committee meeting attendance	Board meeting attendance
H Ntene (chair)	**361 069**	**55 125**	**–**	**–**	**43 549**	**28 665**	**–**
RB Patmore	**292 163**	**–**	**–**	**31 421**	**43 549**	**28 665**	**34 729**
ME Gama	**245 306**	**–**	**–**	**31 421**	**43 549**	**28 665**	**34 729**
K Mzondeki	**245 306**	**–**	**49 613**	**–**	**43 549**	**–**	**34 729**
TP Baloyi	**245 306**	**–**	**–**	**–**	**–**	**28 665**	**34 729**
TC Moodley	**245 306**	**–**	**–**	**–**	**43 549**	**28 665**	**34 729**
L Chou	**245 306**	**–**	**–**	**–**	**–**	**28 665**	**34 729**

The fees listed above are excluding value added tax, as may be applicable.

Part 3: Remuneration implementation report

Details pertaining to Non-Executive and Executive Directors' remuneration earned during the 2026 financial year are contained in the tables below and can be referenced in the Annual Financial Statements to note 38 which can be found on the Company's website at **www.calgrom3.com**.

Guaranteed remuneration

In the 2026 financial year Executive Directors' guaranteed remuneration increases were recommended by the Remuneration Committee after taking into consideration the benchmarking exercise performed for Executives, considering the impact of CPI, and other economic conditions. These recommendations were approved by the Board.

The Non-Executive Director fees increase of 5% was approved at the 2025 AGM.

Short-term incentives

The 2026 financial year short-term bonus pool and vesting conditions are as follows:

- The bonus pool has been designed to motivate Executives to sustain Group profit levels.
- The bonus will be calculated in increments, based on the earnings achieved.
  - Growth greater than prior year HEPS (After bonus payment) = 3% of PAT
  - Growth greater than 10% to prior year HEPS (After bonus payment) = 5% of PAT
  - Growth greater than 15% to prior year HEPS (After bonus payment) = 6% of PAT
  - Growth greater than 20% to prior year HEPS (After bonus payment) = 7% of PAT
  - Growth greater than 30% to prior year HEPS (After bonus payment) = 8% of PAT
  - Growth greater than 40% to prior year HEPS (After bonus payment) = 9% of PAT
  - Growth greater than 50% to prior year HEPS (After bonus payment) = 10% of PAT

The bonus pool, as defined above, is determined based on incremental growth in HEPS. The 2026 financial year saw a reduction in HEPS, as a result of this no bonus pool was available to Executive Directors under the standard short-term incentive policy.

A general discretion short-term incentive has been awarded to Executive Directors.

Payments in terms of this short-term discretionary incentive were calculated and reported on, based on the IFRS Accounting Standards, specific approval was obtained from the Board for this payment due to exceptional performance by the Executive Directors in operating under difficult environmental circumstances.

The discretionary short-term incentive payment has been calculated as follows:

Board discretion – Short-term performance incentive	
Cost to Company	**11 952 726**
Short-term incentive	**20%**
Total short-term performance incentive	**2 390 545**

Although no bonus pool on the standard short-term incentive policy was achieved, the assessment of management's compliance with the sub-parameters to the policy have been assessed below:

40% Financial targets

- Targets were based on reduction of net debt to equity to 0.75:1 for February 2026.
- Result: Achieved – Consolidated Group numbers – 0.74:1 (Net debt/equity ratio).

20% Risk mitigation and sustainability

- All risks equal to or above a level 12 scoring (based on impact and probability (1-5)) on the Group's risk register to be managed, to remain consistent or reduce.
- Result: Achieved.

20% Empowerment targets

- Retain at least B-BBEE Level 3 or improve the current level.
- Result: Achieved – the B-BBEE scorecard rating for the 2026 financial year was at a Level 1.

20% Board discretion

- The Board would use its discretion in assessing the efforts and contribution of each member in achieving the various targets set.
- Result: As no bonus pool was achieved this element was not considered by the Board.

General discretion

Where the Executive Directors have not achieved a bonus pool or not met the short-term incentive targets resulting in no bonus pool becoming available, the remuneration policy allows for the allocation of short-term discretionary incentive payment calculated at 20% of his/her annual Guaranteed Remuneration. The Board has elected to award the Executive Directors this short-term incentive as calculated above.

The Executive Directors' remuneration noted below is for services rendered in connection with the carrying on of affairs of the business within the same Group of companies and joint ventures in the 2026 financial year.

The performance incentive relates to the expense raised in the current financial year, the amount payable in relation to the long-term performance incentive is included below.
$ Resigned 30 June 2025.
^ Signing bonus as agreed with Remuneration and Nomination Committee on joining the Group as part of negotiation of annual salary package.
♦ Appointed 6 September 2024, the amount disclosed includes the remuneration portion applicable for services as an Executive Director of the Calgro M3 Group.
o Resigned 31 December 2024.
◊ The share-based payment expense includes the acceleration of the remaining expense of the long-term share incentive scheme for WA Joubert and W Williams. Due to his resignation in the financial year the total amount remaining under this scheme has been expensed in the respective financial year. This was a non-cash movement in the period.

*** Long-term performance incentive**

2026 financial year

In the 2026 financial year, an additional allocation was made to the long-term performance incentive for Executive Management based on 50% of the short-term incentive.

2025 financial year

In the 2025 financial year, no additional allocation was made to the long-term performance incentive for Executive Management. The vesting of the previous financial year's allocations will be paid upon reaching the predetermined vesting conditions.

Payments made in FY 2026

The first tranche of the 2024 long-term performance incentive along with the second tranche of the 2023 long-term performance incentive vested in May 2025.

Liability for FY 2026

At 28 February 2026, the Group has provided for the second tranche of the 2024 long-term performance incentive. An expense is raised as service conditions are met (i.e. monthly).

Due to the related vesting conditions, the long-term performance incentives are discounted to account for the time value of money.

Social and Ethics Committee report

I am pleased to present the 2026 Social and Ethics Committee Report. In the year under review, the Group demonstrated its commitment to responsible corporate citizenship by investing R1.3 million in corporate social initiatives. We take pride in supporting projects that directly benefit the communities in and around our areas of operation. Furthermore, all ethical and governance requirements were fully met and, in many cases, exceeded, with detailed disclosures provided throughout this ESG Report for our stakeholders.

Composition of the Social and Ethics Committee ("SEC")

The Committee was established in terms of section 72 of the Companies Act 71 of 2008 and operates as a sub-committee of the Board. It provides oversight on social and economic development, governance, ethics, safety and health, environmental sustainability, and employment matters across the Group.

The Committee meets **four times a year**, and the Board is satisfied that members collectively have the skills and experience required to fulfil the Committee's mandate.

Only official Committee members hold voting rights as outlined in the Committee charter.

The Committee is made up of **three members**, supported by four additional invitees.

- The **Chairperson** is an Independent Non-Executive Director.
- The **CEO** and another Executive Director are permanent invitees.
- The other invitees include the Head of Human Resources and the Head of HSE.
- The **Company Secretary** serves as the statutory Company Secretary.

** Resigned 26 June 2025.*

The Executive Directors responsible for risk management, particularly ethical risk, were present at each meeting.

Mandate and responsibilities

The Committee fulfils the statutory duties outlined in section 94(7) of the Act and provides independent oversight on behalf of the Board and shareholders.

The Committee does not assume management responsibilities or those assigned to other Board committees.

The Committee operates under formal Terms of Reference approved by the Board and which is reviewed every two years.

For the year under review, the Committee discharged all responsibilities, including:

- Reviewing accounting policies and ensuring financial reporting complies with legislation and best practice.
- Monitoring Group activities relating to:
  - **Social and economic development**, including compliance with the UN Global Compact, OECD recommendations, the Employment Equity Act, and the B-BBEE Act.
  - **Good corporate citizenship**, including promoting equality, preventing unfair discrimination, and reducing corruption.
  - **Community development**, including sponsorships, donations, and CSI contributions.
  - **Environmental, health and public safety** matters.
  - **Corporate governance**.
  - **Customer relationships**, including advertising, Public Relations ("PR"), and consumer protection compliance.
  - **Labour matters**, including alignment with the International Labour Organisation's decent work principles.
  - **Employment practices**, including talent management.

The Committee reviews matters within its scope and recommends actions to the Board. It remains committed to integrating social and environmental considerations into decision making.

Committee evaluation

In line with King IV™, the Committee's formal evaluation took place in the current financial year.

Activities in 2026 and planned activities for 2027

Activities in 2026	Planned for 2027
Reviewed the Code of Ethics and Business Conduct, and the Group's health and safety, environmental, and bursary policies.	Quarterly updates on human resources, employment equity, skills development, and CSI initiatives.
Reviewed the employment equity and skills development work plans.	Quarterly updates on health, safety, and environmental compliance.
Received quarterly updates on human resources, employment equity, skills development, and CSI initiatives.	Review of the ESG Report.
Reviewed quarterly reports on health, safety, and environmental compliance.	Quarterly review of the ethical risk and opportunity register.
Reviewed the ESG Report, including commitments to the UN Global Compact and the SDGs.	Review of the Committee's Terms of Reference.
Approved the three year employment equity plan and submitted it to the Department of Labour.	Review of the Travel, Sponsorship and Donation, and Stakeholder Communication policies.
Implemented the ethical risks and opportunities register.	

Conclusion

The Committee is satisfied that Calgro M3 continues to address the key issues requiring oversight under the Companies Act and King IV™. Appropriate policies, programmes, and monitoring processes are in place to uphold strong corporate citizenship across the Group and among all stakeholders.

Audited condensed consolidated annual financial statements

Report of the Audit and Risk Committee

Introduction

As I step into the role of Chairperson of the Audit and Risk Committee at Calgro M3, I am pleased to present the Audit and Risk Committee ("the Committee") report in terms of section 94(7)(f) of the Companies Act and as recommended by King IV™, for the year under review.

The Committee is constituted as a statutory committee of the Company in terms of section 94 of the Companies Act 71 of 2008, as amended (the Act), and a committee of the Board in terms of all other duties assigned to it by the Board.

In line with King IV™, the Committee plays an essential role in providing independent oversight on the effectiveness of assurance functions and services, as well as the integrity of the annual financial statements. The Committee's terms of reference are formalised in a charter approved by the Board. In addition to performing this function for Calgro M3 Holdings Limited, the Audit and Risk Committee also accepted and performed the role for all the Group's subsidiaries and joint ventures.

The Committee's primary role is assisting the Board in discharging its duties relating to the safeguarding of assets, operation of adequate systems and control processes.

This includes the review of the principles, policies and practices adopted in the preparation of financial statements of the Company and its subsidiaries, along with ensuring that the interim and annual financial statements of the Company and any other formal announcements relating to the Company's financial performance comply with all statutory and stock exchange requirements.

The Committee gets a report from the work of the Group's external auditors to ensure the adequacy and effectiveness of the Group's financial, operating, compliance and risk management controls.

The Committee shall provide a forum for discussing business risk, corporate governance and control issues and review the management of risk and the monitoring of the effectiveness of governance compliance within the Group.

Composition of the Audit and Risk Committee

The Committee consists of three Independent Non-Executive Directors listed below and meets at least four times per annum. All members are independent as prescribed in section 94 of the Act.

The Board determined that the Committee members have appropriate and adequate skills and experience to contribute meaningfully to deliberations and to fulfil their responsibilities.

The Chief Executive Officer and Chief Financial Officer are permanent invitees. The Company Secretary is the statutory secretary of the Committee.

The Group's internal and external auditors, in their capacity as assurance providers also attend all Committee meetings by invitation.

Only the official members of the Committee are allowed to exercise their respective voting rights in decision-making exercises as prescribed in the charter.

Name of Committee member	Qualifications	**Years served on Committee**
K Mzondeki	FCCA (UK)	**11 months**
ME Gama	PhD (Finance)	**13 years**
RB Patmore	BCom, MBL (SBL)	**14 years**

Annually a session aligned with approval of annual financial results are held with both the independent external auditor and internal auditor, respectively, where management is not present, to facilitate an exchange of views and concerns to further strengthen the independent oversight by the Committee. The Committee also provides management an opportunity to air their views without the presence of assurance providers.

Meetings

Four quarterly meetings were held in the 2026 financial year.

The external and internal auditor, in their capacity as auditor to the Group, attended and reported as needed at the meetings of the Committee.

The Group risk management function, which is performed by Executive Directors, was also represented. Relevant senior managers attended meetings by invitation.

Appointed 1 June 2025.

Role and responsibilities and key focus areas for FY2026

The role of the Committee is to fulfil the statutory duties as set out in section 94(7) of the Act and to assist the Board in providing independent oversight of the following:

In terms of the Act, the Committee has an independent role with accountability to both the Board and Calgro M3's shareholders. It does not assume the functions of management, which remain the responsibility of the Executive Directors, prescribed officers and other members of senior management.

The Committee has adopted comprehensive and formal terms of reference which have been approved by the Board and are reviewed on an annual basis.

The committee discharged all its responsibilities as contained in its terms of reference, including, but not limited to:

- monitored the proper operation of adequate and effective systems of internal controls, including receiving and reviewing reports from both internal and external auditors concerning the effectiveness of the internal control environment;
- considered and satisfied itself on the appropriateness of accounting policies and critical judgements, accounting estimates and assumptions;
- satisfied itself, based on the information and explanations supplied by management and obtained through discussions with the independent external auditor and internal auditor, that the system of internal financial controls of all the companies included in the consolidated financial statements is effective and forms a basis for the preparation of reliable financial statements;
- ensured that appropriate financial reporting procedures exist and are working, which includes consideration of all the entities in the consolidated group financial statements as contemplated in the JSE Limited Listings Requirements and the Debt and Specialist Securities Listings Requirements;
- monitored the reporting processes and the preparation of fairly presented financial statements in compliance with the applicable legal and regulatory requirements and accounting standards, and recommended, for adoption by the Board, the financial information that is publicly disclosed, which for the year included:
  - the interim results for the six months ended 31 August 2025;
  - the annual results for the year ended 28 February 2026;
  - the related SENS and press announcements for both interim and year-end;
- confirmed the going concern basis of preparation of the interim and annual financial statements;
- considered the JSE's proactive monitoring of financial statements report, as issued in 2025, and the applicability of the issues raised, with the view to improving disclosure where applicable;
- reviewed and recommended for approval by the Board, the Integrated Annual Report, including the disclosure of sustainability matters;
- reviewed the qualifications, experience and expertise of the Chief Financial Officer, SU Naicker, and satisfied itself that her expertise and experience is appropriate to meet the responsibilities of the position;
- the Committee also considered and satisfied itself of the appropriateness of the expertise and adequacy of resources and experience of the Group's finance function;
- considered the qualification and independence of the external auditor;
- assessed the scope and effectiveness of the external audit function;
- considered and satisfied itself that no significant weaknesses in the design, implementation or execution of the internal financial controls were identified;
- performed the functions required in terms of section 94(2) of the Companies Act on behalf of the Group's subsidiary companies; and
- assessed the risk management processes and system through oversight over key business processes being operations, finance, reporting, fraud, information technology and ethics. Based on the ongoing oversight of the Committee, nothing came to the attention of the Committee that would suggest that the prevailing system of risk management is not, in all material aspects, effective.

The Committee has resolved to undertake a self-assessment every second year, with the last assessment undertaken in February 2026. No significant areas of concern were identified.

Risk functions

The Board of Directors has assigned oversight of the Group's risk management function to the Committee. The Committee fulfils an oversight function regarding risks in the areas of operations, finance, reporting, fraud, information technology and ethics.

Based on the ongoing oversight of the Committee, it can be concluded that nothing came to the attention of the Committee and the Board that would suggest that the prevailing system of risk management is not, in all material aspects, effective.

Risks are continually being identified and mitigated in terms of a process that involves allocating responsibility, developing action plans and monitoring compliance with these action plans.

During the year under review, the Committee discharged all its duties in respect of risk management.

Internal audit and internal controls

The Committee is responsible for ensuring that the Group's internal audit function is independent and has the necessary resources, standing and authority within the Group to enable it to discharge its responsibilities effectively. The Committee oversees cooperation between the internal and external auditor and serves as a link between the Board of Directors and these functions.

The internal audit function reports to the Committee and is responsible for reviewing and providing assurance on the adequacy of the internal control environments across all the significant areas of the Group's operations. Prozilog is responsible for reporting the progress and findings of internal audits, as conducted in terms of the Group's approved audit plan, to the Committee.

The Committee has considered and approved the internal audit terms of reference.

The Committee:

- reviewed the internal audit charter in line with King IV™ recommendations and recommended the approval thereof to the Board;
- approved the risk-based internal audit plan for the 2026 financial year and subsequent changes thereto during the year;
- considered the effectiveness and performance of the internal audit function which was found to be satisfactory for the year under review;
- reviewed and evaluated reports relating to internal audit and risk management and the adequacy of management's responses and corrective actions;
- reviewed arrangements made by the Company to enable employees and outside whistle blowers to report any concerns about possible improprieties and received reports on the issues raised; and
- reviewed internal audit's assessment of the internal control environment.

External auditor

The Group's independent external auditor is Forvis Mazars.

The Committee:

- notwithstanding the provisions of section 90(6) of the Companies Act of South Africa, ensured that the appointment of the auditor was presented and included as a resolution at the AGM pursuant to section 61(8) of the Companies Act of South Africa;
- satisfied itself that the Forvis Mazars and Mr Miles Fisher, in their respective capacities as the independent external audit firm and lead audit partner, were accredited and independent;
- assessed the independence of the external audit firm;
- approved the auditor's terms of engagement and fees together with the review and approval the external audit plan and ensured no limitations were imposed on the scope of external audit;
- reviewed the external auditor's report and confirmed that no material unresolved issues existed between the Group and the external auditor;
- provided oversight of the external audit process;
- approved and monitored compliance with the external auditor independence policy;
- reviewed the quality and effectiveness of the external audit process and performance against the external audit plan;
- reviewed the findings and recommendations by the independent external auditor and confirmed there were no material matters to report; and
- considered the independent external auditor's suitability assessment in terms of the JSE Limited Listings Requirements.

Comments on key audit matters, addressed by Forvis Mazars in its external auditor's report

The external auditor has reported on one key audit matter in respect of their 2026 audit, being construction contract revenue recognised over time.

The key audit matter related to a material financial statement line item and required judgement and estimates to be applied by management.

The Committee assessed the methodology, assumptions and judgements applied by management in dealing with the key audit matter. Furthermore, the Committee discussed the key audit matter with the external auditor to understand their related audit processes and views.

Following our assessment, we were comfortable with the conclusions reached by management and the external auditor.

Annual financial statements

The Committee reviewed the annual financial statements and the accounting policies and practices of the Group and is satisfied that they comply with IFRS Accounting standards and ensured that appropriate financial reporting procedures exist and are working, which includes consideration of all the entities in the Consolidated Group Financial Statements.

The Committee recommended the financial statements to the Board for approval. The Board concurred with this assessment.

Conclusion

The Committee, in carrying out its duties, has due regard to the principles and recommended practices of King IV™. It is satisfied it has considered and discharged its responsibilities in accordance with its terms of reference.

On behalf of the Audit and Risk Committee

K Mzondeki
Chairperson: Audit and Risk Committee

Independent Auditor's Report

To the Shareholders of Calgro M3 Holdings Limited

Report of the Independent Auditor on the Summary Consolidated Financial Statements

Opinion

The summary consolidated financial statements of Calgro M3 Holdings Limited, set out on **pages 61 to 73** of the 2026 Integrated Report for the year ended 28 February 2026, which comprise the summary consolidated statement of financial position as at 28 February 2026, the summary consolidated statement of comprehensive income, summary statement of changes in equity and summary consolidated statement of cash flow year then ended, and related notes, are derived from the audited consolidated financial statements of Calgro M3 Holdings Limited for the year ended 28 February 2026.

In our opinion, the accompanying summary consolidated financial statements are consistent, in all material respects with the audited consolidated financial statements, in accordance with the requirements of the JSE Limited Listings Requirements for summary financial statements, as set out in the notes to the summarised consolidated financial statements, and the requirements of the Companies Act of South Africa as applicable to summary financial statements.

Summary Consolidated Financial Statements

The summary financial statements do not contain all the disclosures required by IFRS Accounting Standards as issued by the International Accounting Standards Board and the requirements of the Companies Act of South Africa as applicable to annual financial statements. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited consolidated financial statements and the auditor's report thereon.

The Audited Consolidated Financial Statements and Our Report Thereon

We expressed an unmodified audit opinion on the audited consolidated financial statements in our report dated 18 May 2026. That report also includes the communication of key audit matters. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period.

Directors' Responsibility for the Summary Consolidated Financial Statements

The Directors are responsible for the preparation of the summary consolidated financial statements in accordance with the requirements of the JSE Limited Listings Requirements for summary financial statements, as set out in the notes to the summary consolidated financial statements, and the requirements of the Companies Act of South Africa as applicable to summary financial statements.

Auditor's Responsibilities

Our responsibility is to express an opinion on whether the summary consolidated financial statements are consistent, in all material respects, with the audited consolidated financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing (ISA) 810 (Revised), *Engagements to Report on Summary Financial Statements*.

Audited summarised segment report of the Group

The appointed Chief Operating Decision Maker ("CODM") within the Calgro M3 Group is the Group's Executive Committee ("Exco"). It is Exco's responsibility to meet on a regular basis (through weekly meetings and more frequently if required) and develop the strategy for the Group, set and review budgets, which are approved by the Board of Directors. The CODM allocates Group resources to the operating segments and assesses the performance of the operating segments.

At Exco meetings, summarised feedback are provided by management of the different operational activities within the Group.

The CODM manages the Group activities in two distinct segments namely:

The operation of the Residential Property Development segment encompasses the following product range: The development of integrated housing developments and mid to high income housing projects.

Integrated housing developments remains the core of the business's operations and comprises affordable housing, Grassroots Affordable People's homes ("GAP"), First Home Finance ("FHF"), rental housing, social housing, Community Residential Units ("CRU") and Breaking New Ground ("BNG") units. The Group's customer base includes the government, financial institutions and the general public.

The Group's products relating to the Memorial Parks segment consist of burial rights and the associated burial and maintenance services.

The segmental information provided to Exco for the year ended 28 February 2026 has been provided below. The table indicates from where the Group's revenue has been earned, including its joint ventures.

The CODM assesses the performance of the operating segments based on two measurement methods, firstly a fully consolidated statement of comprehensive income per segment (including the elimination of inter-segmental transactions) and secondly a statement of financial position per consolidated segment (transactions between segments have not been eliminated for the statement of financial position).

% *The Maintenance provision has been reclassified from trade and other payables (previously "Maintenance Liability – Memorial Parks") to a separate line item in the current period. This presentation better reflects its nature as a provision for future maintenance obligations, rather than a payable.*

$ *The Group allocated borrowings and finance costs to the Memorial Parks segment aligning to the capital injections made into the segment less repayments thereof.*

Segments are measured in the same way as in the financial statements. All line items above are allocated based on the operations of the segments.

Extract of notes to the consolidated financial statements

1. Basis of preparation

1.1 Statement of compliance

The summary consolidated financial statements are prepared in accordance with the requirements of the JSE Limited Listings Requirements and the Companies Act and prepared in accordance with the framework concepts and the measurement and recognition requirements of IFRS® Accounting standards ("IFRS"), the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee, Financial Pronouncements as issued by the Financial Reporting Standards Council and contains the information required by IAS 34: *Interim Financial Reporting*.

The summary consolidated annual financial statements should be read in conjunction with the Group annual financial statements as at and for the year ended 28 February 2026, which have been prepared in accordance with IFRS as issued by the IASB. The summary consolidated annual financial statements have been prepared on the historical cost basis, excluding investment property and financial assets held at fair value, that are measured at fair value. The consolidated financial statements were internally compiled under the supervision of SU Naicker CA(SA).

The accounting policies and methods of computation of the Group have been consistently applied to periods presented in the summary consolidated financial statements and are in accordance with IFRS Accounting Standards. The summary consolidated annual financial statements were authorised for issue by the Board of Directors on 18 May 2026. The consolidated annual financial statements and summary consolidated financial statements were audited by Forvis Mazars, who expressed an unmodified opinion thereon.

The audited consolidated annual financial statements and the auditor's report thereon are available for inspection at the Company's registered office and available for viewing on the Company's website, **www.calgrom3.com**. The Directors take full responsibility for the preparation of the summary consolidated financial statements and that the financial information has been correctly extracted from the underlying annual financial statements.

1.2 Judgements and estimates

Management made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense.

Actual results may differ from these estimates. The significant judgements made by management in applying the Group's accounting policies and the key source of estimation uncertainty were similar to those applied to the Group annual financial statements as at and for the year ended 28 February 2026.

2. Accounting policies

The accounting policies applied are consistent to the policies applied for the year ended 28 February 2026.

3. Construction contracts

	2026	2025
Net statement of financial position balance for ongoing contracts – Opening balance	**1 667 463 482**	1 352 054 124

Contract revenue received from joint ventures	**81 890 185**	37 547 649

12. Ratio calculations

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders.

Management's intention is to use debt as a means to fund operations rather than to raise more capital.

The Group monitors capital on the basis of its Net Debt/Equity ratio. The maximum allowed Net Debt/Equity ratio for the Group is 1.5:1.

Net Debt/Equity ratio
This ratio is calculated as Net Debt divided by Equity. Net Debt is calculated as total interest-bearing borrowings less cash and cash equivalents. Equity is calculated as the total equity per the statement of financial position (excluding share-based payment reserve).

	2026	2025
Net debt		
Borrowings (excluding interest accruals)	**1 350 594 405**	1 082 151 089
Other interest-bearing borrowings	**–**	–
Less: Cash and cash equivalents	**(183 722 961)**	(154 722 535)
	1 166 871 444	927 428 554
Equity		
Stated capital	**28 389 249**	33 909 646
Retained income	**1 541 080 847**	1 396 026 833
	1 569 470 096	1 429 936 479
Net Debt/Equity Ratio	**0.74**	0.65

The Group monitors capital repayments and interest serviceability on the basis of its Debt Service Cover ratio (DSCR). The minimum allowed DSCR ratio for the Group is 1.2.

Debt Service Cover Ratio (DSCR)
This ratio is calculated as available cash flow divided by debt service requirement. Available cash flow is calculated as cash generated from/(utilised in) operating activities plus new financial indebtedness incurred plus cash and cash equivalent at the beginning of the year less the aggregate amount spent on the purchase of property, plant and equipment, purchase of intangible assets, acquisition of businesses, acquisition of subsidiaries, and loans advanced to joint ventures for investment purposes (Capex).

Debt service requirement is calculated as interest and fees plus principal repayments.

	2026	2025
Available cash flow		
Cash generated from operating activities	**(14 786 334)**	107 900 112
New financial indebtedness incurred	**566 425 000**	305 000 000
Cash and cash equivalent at the beginning of the year	**154 722 535**	122 638 021
Capex	**(122 429 203)**	(133 417 894)
	583 931 998	402 120 239
Debt service requirement

Finance cost	**(135 639 469)**	(134 104 505)
Fees	**(1 955 246)**	(1 892 707)
Principal repayments	**(297 500 000)**	(158 000 000)
	(379 851 366)	(230 904 681)
Debt Service Cover Ratio (DSCR)	**1.54**	1.74

Refer to the consolidated statement of cash flows for the above balances.

12. Ratio calculations *(continued)*

The Group monitors capital on the basis of its liquidity ratio. The minimum allowed liquidity ratio for the Group is 1.2:1.

Liquidity ratio

This ratio is calculated as the ratio of current assets to current liabilities as defined.

Current assets has been defined as cash and cash equivalents, trade and other receivables, construction contracts, current tax receivable, inventories and loans to joint ventures.

Current liabilities has been defined as trade and other payable, current tax liabilities and borrowings.

	2026	2025
Current assets		
Cash and cash equivalents	**183 722 961**	154 722 535
Trade and other receivables	**159 624 687**	82 703 391
Current income tax assets	**1 743 347**	288 717
Construction contracts	**2 107 206 825**	1 668 283 132
Loans to joint ventures	**387 466 009**	473 344 024
Inventories	**456 368 002**	519 568 023
	3 296 131 831	2 898 909 822
Current liabilities		
Trade and other payables*	**263 334 249**	310 925 099
Current income tax liabilities	**239 410**	58 276
Borrowings	**1 380 291 293**	1 105 722 194

	1 710 193 161	1 474 425 775
Liquidity ratio	**1.93**	1.97

* *The Maintenance provision has been reclassified from trade and other payables (previously "Maintenance liability – Memorial Parks") to a separate line item in the current period. This presentation better reflects its nature as a provision for future maintenance obligations, rather than a payable.*

Liquidity ratio

Refer to the consolidated statement of financial position for the above balances.

Funding requirements

The Group monitors capital from funders on the basis of its Debt Service Cover ratio and its Net Debt/Equity ratio (as above). The minimum allowed Debt Service Cover ratio for the Group is 1.2 and the maximum Net Debt/Equity ratio is 1.5:1.

13. Financial instruments

The carrying value (when excluding transaction cost amortised) of all financial instruments is equal to the fair value of those instruments at 28 February 2026. The carrying value and fair value of borrowings (when excluding transaction cost amortised) as at 28 February 2026 was R1.387 billion.

The Board has approved a dividend of 8.63703 cents per share. In the 2025 financial year, the Board approved a dividend of 8.63703 cents per share which was paid in June 2025.

15. Going concern

Based on the latest results for the year ended 28 February 2026, the latest Board approved budget for the 2027 financial year, as well as the available bank facilities and cash-generating capability, Calgro M3 satisfies the criteria of a going concern.

16. Events after reporting period

No events have occurred subsequent to the reporting date that require adjustment to, or disclosure in, the consolidated and separate financial statements to be taken into account.

17. JSE Limited Listings Requirements

The summarised consolidated financial statements have been prepared in accordance with the JSE Limited Listings Requirements.

18. Corporate governance

Corporate governance forms one of the foundational layers of the Calgro M3 strategy as we understand that transparency, integrity and accountability need to permeate everything that we do.

The Board of Directors endorses the principles contained in King IV™. Calgro M3's application of these principles is set out in the 2026 ESG report as well as the King IV™ application register, and is, in accordance with the JSE Limited Listings Requirements, available on the Company's website. Please contact Mrs S van Schalkwyk of Juba Statutory Services, Group Company Secretary, for any additional information.

Notice of Annual General Meeting

Notice of Annual General Meeting

Calgro M3 Holdings Limited
(Incorporated in the Republic of South Africa)
(Registration number: 2005/027663/06)
Share code: CGR
ISIN: ZAE000109203
("Calgro M3" or "the Company")

Notice is hereby given to all shareholders of the Company as at Monday, 18 May 2026, that the Annual General Meeting ("AGM") of shareholders or any postponement or adjournment thereof, will be held at 10:00 on Thursday, 25 June 2026 at the Calgro M3 Boardroom, Calgro M3 Building, Ballywoods Office Park, 33 Ballyclare Drive, Bryanston, Sandton or via an electronic link (see details on page 82) to:

(i) deal with such other business as may lawfully be dealt with at the AGM; and

(ii) consider and, if deemed fit to pass, with or without modification, the following ordinary and special resolutions, in the manner required by the Companies Act, No. 71 of 2008, as amended ("Companies Act"), as read with the JSE Limited ("JSE") Listings Requirements ("JSE Listings Requirements") and the Company's Memorandum of Incorporation ("Memorandum of Incorporation"), which meeting is to be participated in and voted at by shareholders as at Friday, 19 June 2026, being the record date to attend, participate, speak and vote at the AGM in terms of section 62(3)(a), read with section 59(1)(b) of the Companies Act.

Important dates	2026
Record date to be able to receive this notice of AGM ("Notice")	**Friday, 8 May 2026**
Notice of AGM electronically distributed to shareholders and posted to those who requested such	**Monday, 18 May 2026**
Last day to trade in order to be eligible to vote at the AGM	**Monday, 15 June 2026**
Record date to be able to vote at the AGM	**Friday, 19 June 2026**
Forms of proxy to be received by no later than 10:00 on	**Tuesday, 23 June 2026**
AGM to be held at 10:00 on	**Thursday, 25 June 2026**

Voting

- Shareholders entitled to attend and vote at the Annual General Meeting may appoint one or more proxies to attend, speak and vote thereat in their stead. A proxy need not be a member of the Company. A form of proxy, which sets out the relevant instructions for its completion, is enclosed for the use of a certificated shareholder or own-name registered dematerialised shareholder who wishes to be represented at the Annual General Meeting. Completion of a form of proxy will not preclude such shareholder from attending and voting (in preference to that shareholder's proxy) at the Annual General Meeting.
- The instrument appointing a proxy and the authority (if any) under which it is signed must reach the Company's transfer secretaries, Computershare Investor Services (Pty) Ltd, at the address given below by not later than 10:00 on Tuesday, 23 June 2026.
- Dematerialised shareholders, other than own-name registered dematerialised shareholders, who wish to attend the Annual General Meeting in person will need to request their CSDP or broker to provide them with the necessary letter of representation in terms of the custody agreement entered into between such shareholders and the CSDP or broker.
- Dematerialised shareholders, other than own-name registered dematerialised shareholders, who are unable to attend the Annual General Meeting and who wish to be represented thereat, must provide their CSDP or broker with their voting instructions in terms of the custody agreement entered into between the shareholder and the CSDP or broker in the manner and time stipulated therein.
- Shareholders present in person, by proxy or by the authorised representative shall, on a show of hands, have one vote each and, on a poll, will have one vote in respect of each share held.
- In terms of the Companies Act, any shareholder or proxy who intends to attend or participate at the Annual General Meeting must include identification documents. A green bar-coded identity document or identity card issued by the South African Department of Home Affairs, a driver's licence or a valid passport will be accepted at the Annual General Meeting as sufficient forms of identification.

Quorum

The shareholders' meeting may not begin until sufficient persons are present (in person or represented by proxy) at the shareholders' meeting to exercise, in aggregate, at least 25% of all the voting rights that are entitled to be exercised in respect of at least one matter to be decided at the shareholders' meeting. A matter to be decided at the shareholders' meeting may not begin to be considered unless sufficient persons are present at the meeting (in person or represented by proxy) to exercise, in aggregate, at least 25% of all of the voting rights that are entitled to be exercised on that matter at the time the matter is called on the agenda.

For the purpose of counting a quorum at any time, a shareholder who is personally present or represented at the meeting at that time, or who participates in person or through a representative electronically, shall be counted towards the quorum at that time.

Agenda

Presentation of the audited annual financial statements

The audited annual financial statements of the Company (as approved by the Board of Directors of the Company ("Board")) ("Annual Financial Statements"), including the independent auditor's report, the directors' report, the Remuneration Report, the Audit and Risk Committee report and the Social and Ethics Committee Report for the year ended 28 February 2026 are presented to shareholders. A summarised version of the audited Annual Financial Statements is included on pages 56 to 73 of this Integrated Annual Report.

The complete audited Annual Financial Statements can be found on the Company's website, and may be requested and obtained in person, at no charge, from the Company Secretary at sirkien@juba.co.za.

Report of the Social and Ethics Committee

The Company's Social and Ethics Committee report, read with the detailed ESG report published on the Company's website, will serve as the Committee's report to the Company's shareholders on the matters within its mandate at the annual general meeting (AGM). Any specific questions for the Committee may be sent to the Company Secretary prior to the AGM.

Note:
For any of the ordinary resolutions numbers 1 to 15 (inclusive), more than 50% of the voting rights exercised on each such ordinary resolution must be exercised in favour thereof.

For any of the special resolutions numbers 1 to 3 to be adopted, at least 75% of the voting rights exercised on each such special resolution must be exercised in favour thereof.

For avoidance of doubt, all references to the Audit and Risk Committee of the Company is a reference to the audit committee as contemplated in the Companies Act.

Ordinary business

1. Ordinary Resolution Number 1: Re-election of Non-Executive Director

"Resolved that T Moodley, who retires by rotation in terms of the Memorandum of Incorporation of the Company and being eligible, offers himself for re-election, be and is hereby re-elected as a Director."

An abbreviated curriculum vitae in respect of T Moodley may be viewed on page 35 of the Company's Integrated Annual Report in which this Notice of AGM is included.

The Remuneration and Nominations Committee has considered T Moodley's past performance, contribution to the Company and his independence and recommends that he be re-elected as a Director of the Company.

2. Ordinary Resolution Number 2: Re-election of Non-Executive Director

"Resolved that H Ntene, who retires by rotation in terms of the Memorandum of Incorporation of the Company and being eligible, offers himself for re-election, be and is hereby re-elected as a Director."

An abbreviated curriculum vitae in respect of H Ntene may be viewed on page 34 of the Company's Integrated Annual Report in which this Notice of AGM is included.

The Remuneration and Nominations Committee has considered H Ntene's past performance, contribution to the Company and his independence and recommends that he be re-elected as a Director of the Company.

3. Ordinary Resolution Number 3: Re-election of Non-Executive Director

"Resolved that T Baloyi, who retires by rotation in terms of the Memorandum of Incorporation of the Company and being eligible, offers himself for re-election, be and is hereby re-elected as a Director."

An abbreviated curriculum vitae in respect of T Baloyi may be viewed on page 35 of the Company's Integrated Annual Report in which this Notice of AGM is included.

The Remuneration and Nominations Committee has considered T Baloyi's past performance, contribution to the Company and his independence and recommends that he be re-elected as a Director of the Company.

The Board confirms that a fit and proper assessment, as contemplated in the JSE Limited Listings Requirements, was undertaken in respect of each of the above-mentioned Directors and that the Board is satisfied with the outcome thereof.

Reason for ordinary resolution numbers 1 to 3

The reason for ordinary resolution numbers 1 to 3 is that the Memorandum of Incorporation of the Company, the JSE Listings Requirements and to the extent applicable, the Companies Act require that one-third of the Non-Executive Directors retire at the Annual General Meeting and, if eligible, may offer themselves for re-election as Directors.

4. Ordinary Resolution Number 4: Re-appointment of auditor

"Resolved that Forvis Mazars be and is hereby re-appointed as auditor of the Company for the ensuing financial year or until the next Annual General Meeting of the Company, whichever is the later, with the designated auditor being Miles Fisher, as registered auditor and partner in the firm, on the recommendation of the Audit and Risk Committee of the Company."

Reason for ordinary resolution number 4

The reason for ordinary resolution number 4 is that the Company, being a public listed company, must have its financial results audited by its appointed auditor, and such auditor must be appointed or re-appointed, as the case may be, at each Annual General Meeting of the Company, as required by the Companies Act, the JSE Listings Requirements and the Memorandum of Incorporation of the Company.

5. Ordinary Resolution Number 5: Re-appointment of Audit and Risk Committee member

"Resolved that K Mzondeki, being eligible, be and is hereby re-appointed as a member of the Audit and Risk Committee of the Company, until the next Annual General Meeting of the Company, as recommended by the Board."

An abbreviated curriculum vitae in respect of K Mzondeki may be viewed on page 35 of the Company's Integrated Annual Report in which this Notice of AGM is included.

6. Ordinary Resolution Number 6: Re-appointment of Audit and Risk Committee member

"Resolved that RB Patmore, being eligible, be and is hereby re-appointed as a member of the Audit and Risk Committee of the Company until the next Annual General Meeting of the Company, as recommended by the Board."

An abbreviated curriculum vitae in respect of RB Patmore may be viewed on **page 34** of the Company's Integrated Annual Report in which this Notice of AGM is included.

7. Ordinary Resolution Number 7: Appointment of Audit and Risk Committee member

"Resolved that ME Gama, being eligible, be and is hereby re-appointed as a member of the Audit and Risk Committee of the Company until the next Annual General Meeting of the Company, as recommended by the Board."

An abbreviated curriculum vitae in respect of ME Gama may be viewed on **page 34** of the Company's Integrated Annual Report in which this Notice of AGM is included.

Reason for ordinary resolution numbers 5 to 7

The reason for ordinary resolution numbers 5 to 7 (inclusive) is that the Company, being a public listed company, must appoint an audit committee as prescribed by sections 66(2) and 94(2) of the Companies Act, which also requires that the members of such audit committee be appointed, or re-appointed, as the case may be, at each Annual General Meeting of such company.

8. Ordinary Resolution Number 8: Re-appointment of Social and Ethics Committee member

"Resolved that ME Gama, being eligible, be and is hereby re-appointed as a member of the Social and Ethics Committee of the Company, until the next Annual General Meeting of the Company, as recommended by the Board."

An abbreviated curriculum vitae in respect of ME Gama may be viewed on **page 34** of the Company's Integrated Annual Report in which this Notice of AGM is included.

9. Ordinary Resolution Number 9: Re-appointment of Social and Ethics Committee member

"Resolved that, subject to the passing of ordinary resolution number 1, T Moodley, being eligible, be and is hereby re-appointed as a member of the Social and Ethics Committee of the Company, until the next Annual General Meeting of the Company, as recommended by the Board."

An abbreviated curriculum vitae in respect of T Moodley may be viewed on **page 35** of the Company's Integrated Annual Report in which this Notice of AGM is included.

10. Ordinary Resolution Number 10: Re-appointment of Social and Ethics Committee member

"Resolved that S Naicker, being eligible, be and is hereby re-appointed as a member of the Social and Ethics Committee of the Company, until the next Annual General Meeting of the Company, as recommended by the Board."

An abbreviated curriculum vitae in respect of S Naicker may be viewed on **page 36** of the Company's Integrated Annual Report in which this Notice of AGM is included.

Reason for ordinary resolutions numbers 8 to 10

Reason for ordinary resolutions numbers 8 to 10 (inclusive) is that the Company, being a public listed company, must appoint a social and ethics committee, and the Companies Act requires that the members of such committee be appointed, or re-appointed, as the case may be, at each Annual General Meeting of such company. After considering and assessing the qualifications, experience, past performance, and contribution of the relevant Directors, the Board recommends that the individuals identified in ordinary resolutions numbers 8 to 10 be elected as members of the Company's Social and Ethics Committee at the AGM.

11. Ordinary Resolution Number 11: General payments to shareholders

"Resolved that, in terms of clauses 5.1.1.3 and 21 of the Company's Memorandum of Incorporation, the Directors of the Company be and are hereby authorised to pay, by way of reduction of share premium, capital distributions to shareholders of the Company in lieu of a dividend. Such distributions shall be made pro rata to all shareholders and be amounts equal to the amounts which the Directors would have declared and paid out of profits of the Company as interim and final dividends in respect of the financial year ended 28 February 2026. This authority shall not extend beyond the date of the AGM following the date of the AGM at which this resolution is being proposed, or 15 months from date of the resolution being adopted, whichever is the earlier date. This authority is subject to the provisions of the Companies Act and to the Directors being satisfied that after considering the effect of such maximum payment, the:

- Company and its subsidiary/ies ("the Group") will in the ordinary course of business be able to pay its debts for a period of 12 months after the date of this Notice of AGM;
- assets of the Company and the Group will be in excess of the liabilities of the Company and the Group for a period of 12 months after the date of this Notice of AGM. For this purpose, the assets and liabilities will be recognised and measured in accordance with the accounting policies used in the latest audited Annual Financial Statements of the Group;
- share capital and reserves of the Company and the Group will be adequate for ordinary business purposes for a period of 12 months after the date of this Notice of AGM; and
- working capital of the Company and the Group will be adequate for ordinary business purposes for a period of 12 months after the date of this Notice of AGM."

Shareholders are referred to the explanatory notes set out under ordinary resolution number 15 (termed "Reason and effect of ordinary resolution number 15"), which apply mutatis mutandis to this resolution.

Reason for ordinary resolution number 11

The reason for ordinary resolution number 11 is to seek a general authority and approval for the payment, by way of reduction of share premium, of capital distributions to shareholders of the Company in lieu of a dividend.

12. Ordinary Resolution Number 12: Placing unissued shares under Directors' control

"Resolved that all the unissued ordinary shares in the authorised share capital of the Company, as well as the ordinary shares held as treasury shares (treasury shares), be and are hereby placed under the control of the Directors of the Company, who are authorised to allot and issue these unissued shares and/or dispose of these treasury shares on such terms and conditions as they may determine in their sole and absolute discretion, until the next Annual General Meeting of the Company, subject to the provisions of the Companies Act, the Company's Memorandum of Incorporation and the JSE Listings Requirements."

Reason for ordinary resolution number 12

The reason for ordinary resolution number 12 is to seek a general authority and approval for the unissued shares in the authorised share capital of the Company to be placed under the control of the Directors of the Company, who are authorised to allot and issue the authorised but unissued shares in the share capital of the Company to enable the Company to take advantage of business opportunities that might arise.

13. Ordinary Resolution Number 13: General authority to issue shares for cash

"Resolved that the Directors of the Company be and are hereby authorised, by way of a general authority, to:

- allot and issue all or any of its authorised but unissued ordinary shares in the capital of the Company placed under their control, for cash (including the issue of any options to subscribe for, or securities that are convertible into such ordinary shares); and/or
- sell or otherwise dispose of any ordinary shares in the capital of the Company held as treasury shares (treasury shares) by subsidiaries of the Company, for cash;
- as they in their discretion may deem fit, subject to the Companies Act, the Memorandum of Incorporation of the Company and the provisions of the Listings Requirements of the JSE, subject to the following limitations:
  - the authority shall be valid until the next Annual General Meeting of the Company, provided it shall not extend beyond 15 months from the date of this resolution;
  - in the event that the securities issued represent, on a cumulative basis, 5% or more of the number of securities in issue prior to that issue, an announcement containing the full details of such issue, in accordance with the JSE Listings Requirements, shall be published on SENS;
  - issues for cash in any one financial year may not exceed 15% of the issued shares in the share capital of the Company (net of treasury shares), as at the date of the Notice of AGM, being 14 469 919 ordinary shares;
  - any shares issued for cash under the authority must be deducted from the number above;
  - in the event of a subdivision or consolidation of issued shares during the period when this authority is valid, the existing authority must be adjusted accordingly to represent the same allocation ratio;
  - any such issue will only be comprised of securities of a class already in issue or, if this is not the case, will be limited to such securities or rights that are convertible into a class already in issue;
  - any such issue will only be made to public shareholders as defined in the JSE Listings Requirements and not to related parties, save therefore that related parties may participate in a general issue for cash through a bookbuild process provided that (i) related parties may only participate with a maximum bid price at which they are prepared to take-up shares or at book close price and in the event of a maximum bid price and the book closes at a higher price the relevant related party will be "out of the book" and not be allocated shares; and (ii) equity securities must be allocated equitably "in the book" through the bookbuild process and the measures to be applied must be disclosed in the SENS announcement launching the bookbuild; and
  - in determining the price at which an issue of shares may be made in terms of this authority, the maximum discount permitted will be 10% of the volume weighted average traded price of those shares as determined over the 30 business days prior to the date that the price of the issue is agreed between the Company and the party subscribing for the securities. The JSE will be consulted for a ruling if the securities have not traded in such 30-business day period."

Reason for ordinary resolution number 13

Should listed entities wish to issue shares for cash (other than issues by way of rights offers, in consideration for acquisitions and/or in connection with duly approved share incentive schemes), it is necessary for the Board to obtain prior authority from shareholders in accordance with the JSE Listings Requirements and the Memorandum of Incorporation of the Company contemplated in ordinary resolution number 13 above, but it is also necessary to obtain the prior authorisation of shareholders in accordance with the Companies Act and JSE Listings Requirements. The reason for ordinary resolution number 13 is accordingly to obtain such general authority from shareholders to issue shares, and to dispose of treasury shares, for cash in compliance with the JSE Listings Requirements and the Memorandum of Incorporation of the Company. The authority granted in terms of this ordinary resolution number 13 must accordingly be read together with the authority granted in terms of ordinary resolution number 12 above and any exercise thereof will be subject to the conditions contained in this ordinary resolution number 13.

Shareholders are referred to the explanatory notes set out under ordinary resolution number 15 (termed "Reason and effect of special ordinary number 15") which apply mutatis mutandis to this resolution.

14. Ordinary Resolution Number 14: Endorsement of the Remuneration Policy and Implementation Report on the Remuneration Policy

It is proposed that shareholders pass the following ordinary resolutions numbers 14.1 and 14.2 as standalone, non-binding advisory votes:

Ordinary resolution number 14.1

"Resolved that the Company's remuneration policy, as set out on page 42 of the Company's Integrated Annual Report in which this Notice of AGM is included, be and is hereby approved by way of a non-binding advisory vote of shareholders of the Company in terms of the King IV™ Report on Corporate Governance."

Ordinary resolution number 14.2

"Resolved that the implementation report in respect of its remuneration policy, as set out on page 42 of the Company's Integrated Annual Report in which this Notice of AGM is included, be and is hereby endorsed as a non-binding advisory vote of shareholders of the Company in terms of the King IV™ Report on Corporate Governance."

Reason for ordinary resolutions numbers 14.1 and 14.2

The reason for ordinary resolutions numbers 14.1 and 14.2 are that King IV™ recommends, and the JSE Listings Requirements require, that the remuneration policy and implementation report of the Company be endorsed through separate non-binding advisory votes by shareholders at the Annual General Meeting of a Company. Failure to pass these resolutions will not have legal consequences relating to existing remuneration agreements. However, the Board will take the outcome of the vote into consideration when assessing the Company's remuneration policy and implementation report.

Should 25% or more of the votes exercised in respect of ordinary resolution number 14.1 and/or ordinary resolution number 14.2 be against either resolution, or both resolutions, the Company will issue an invitation to those shareholders who voted against the applicable resolution to engage with the Company.

15. Ordinary Resolution Number 15: General authority to repurchase shares

"Resolved that the Company and its subsidiaries be and are hereby authorised, as a general approval, to repurchase any of the shares issued by the Company, upon such terms and conditions and in such amounts as the Directors may from time to time determine, but subject to the provisions of sections 46 and 48 of the Companies Act, the Memorandum of Incorporation of the Company and the JSE Listings Requirements, including, inter alia, that:

(a) the general repurchase of shares shall be implemented through the order book operated by the JSE trading system and done without any prior understanding or arrangement between the Company and/or its relevant subsidiaries and the counterparty (reported trades are prohibited);

(b) the general authority shall be valid only until the next Annual General Meeting of the Company provided that it shall not extend beyond 15 months from the date of this resolution;

(c) the general repurchase(s) shall in any one financial year be limited to a maximum of 20% of the Company's issued share capital of that class at the time that this resolution is passed;

(d) a resolution has been passed by the Board approving the repurchase, that the Group has satisfied the solvency and liquidity test as defined in the Companies Act and that, since the solvency and liquidity test was applied, there have been no material changes to the financial position of the Group;

(e) in terms of section 48(2)(b)(i) of the Companies Act, subsidiaries may not hold more than 10%, in aggregate, of the number of the issued shares of any class of a company. For the avoidance of doubt, (i) a pro rata repurchase by the Company from all its shareholders; and (ii) intra-group repurchases by the Company of its shares from wholly owned subsidiaries, share incentive schemes pursuant to Schedule 9 of the JSE Listings Requirements and/or non-dilutive share incentive schemes controlled by the Company, where such repurchased shares are to be cancelled, will not require shareholder approval, save to the extent as may be required by the Companies Act;

(f) repurchase(s) must not be made at a price more than 10% above the weighted average of the market price for the shares for the five business days immediately preceding the date that the transaction is effected. The JSE will be consulted for a ruling if the Company's securities have not traded in such five business day period;

(g) an announcement must be published as soon as the Company and/or its subsidiaries have acquired shares constituting, on a cumulative basis, 3% of the initial number of ordinary shares in issue at the time of the granting of this authority, giving full details of such acquisitions and for each 3% in aggregate of the initial number of ordinary shares acquired thereafter by the Company and/or its subsidiaries;

(h) the Company will, at any point in time, appoint only one agent to effect any repurchase(s) on the Company's behalf;

(i) the Company may not effect a repurchase during any prohibited period as defined in terms of the JSE Listings Requirements unless there is a repurchase programme in place, which programme has been submitted to the JSE in writing prior to the commencement of the prohibited period and executed by an independent third party, as contemplated in terms of paragraph 7.89 of the JSE Listings Requirements; and

(j) such repurchase(s) shall be subject to the provisions of the Companies Act, the Company's Memorandum of Incorporation and the JSE Listings Requirements."

Reason for and effect, if passed, of ordinary resolution number 15

The reason for and effect, if passed, of ordinary resolution number 15 is to grant the Directors of the Company a general authority in terms of the Memorandum of Incorporation of the Company and the JSE Listings Requirements for the acquisition by the Company or by a subsidiary of the Company of shares issued by the Company, which authority shall be valid until the earlier of the next Annual General Meeting of the Company or the variation or revocation of such general authority by ordinary resolution by any subsequent general meeting of the Company, provided that the general authority to repurchase shares shall not extend beyond 15 months from the date of this Annual General Meeting. The passing and registration of this ordinary resolution will have the effect of authorising the Company or any of its subsidiaries to acquire shares issued by the Company.

Shareholders are notified that, although no arrangements have been put in place, a general repurchase of shares is being contemplated. The Company's share price is currently not in line with Executive Management's valuation of the Company. This authority will provide the Board with the necessary flexibility to repurchase shares in the market, should the Board believe that it is in the interest of the Company to do so.

Shareholders are referred to the explanatory notes attached to this Notice of AGM for further information in respect of ordinary resolution number 15.

Special business

16. Special Resolution Number 1: Remuneration of Non-Executive Directors

"Resolved in terms of section 66(9) of the Companies Act, that the fees paid to the Non-Executive Directors of the Company set out below, be and is hereby approved on the following basis up and to the date of the next Annual General Meeting of the Company:

Category	**Remuneration 2027**	Remuneration 2026
Chairman	**R361 069 annual retainer** **R55 125 per meeting attended**	R343 875 annual retainer R52 500 per meeting attended
Lead independent	**R292 163 annual retainer**	R278 250 annual retainer
Board member	**R245 306 annual retainer** **R34 729 per meeting attended**	R233 625 annual retainer R33 075 per meeting attended
Audit and Risk Committee		
Chairman	**R49 613 per meeting attended**	R47 250 per meeting attended
Member	**R31 421 per meeting attended**	R29 925 per meeting attended
Remuneration and Nomination Committee		
Chairman	**R43 549 per meeting attended**	R41 475 per meeting attended
Member	**R28 665 per meeting attended**	R27 300 per meeting attended
Social and Ethics Committee		
Chairman	**R43 549 per meeting attended**	R41 475 per meeting attended
Member	**R28 665 per meeting attended**	R27 300 per meeting attended
Investment Committee		
Chairman	**R43 549 per meeting attended**	R41 475 per meeting attended
Member	**R28 665 per meeting attended**	R27 300 per meeting attended

Reason for and effect, if passed, of special resolution number 1

Special resolution number 1 is proposed in order to comply with section 66(9) of the Companies Act, which requires the approval of Directors' fees prior to the payment of such fees.

The effect of special resolution number 1 is that, if approved by the shareholders at the Annual General Meeting, the fees payable to Non-Executive Directors until the next Annual General Meeting of the Company will be on the basis set out above.

17. Special Resolution Number 2: Financial assistance to related and inter-related companies

"Resolved, in terms of section 45(3)(a)(ii) of the Companies Act, as a general approval, that the Board be and is hereby authorised to approve that the Company provides any direct or indirect financial assistance ("financial assistance" will herein have the meaning attributed to it in section 45(1) of the Companies Act) that the Board may deem fit to any company or corporation that is related or inter-related ("related" and "inter-related" will herein have the meanings attributed thereto in section 2 of the Companies Act) to the Company, other than subsidiaries ("subsidiaries" will herein have the meaning attributed to it in section 3 of the Companies Act) of the Company on the terms and conditions and for amounts that the Board may determine, provided that the aforementioned approval shall be valid until the date of the next Annual General Meeting of the Company."

Reasons for and effect, if passed, of special resolution number 2

The reason for and effect, if passed, of special resolution number 2 is to grant the Directors of the Company the authority, until the next Annual General Meeting of the Company, to provide direct or indirect financial assistance to any company or corporation which is related or inter-

related to the Company, other than South African subsidiaries of the Company. It being noted that, pursuant to the Companies Amendment Act, No. 16 of 2024, approval by shareholders for financial assistance to a South African subsidiary of the Company is no longer required under the Companies Act, as amended. This means that the Company is, inter alia, authorised to grant loans to a company or corporation that is related or inter-related to the Company and to guarantee the debt of such related or inter-related company or corporation.

Shareholders are referred to the explanatory note attached to this Notice of AGM for further information in respect of special resolution number 2.

18. Special Resolution Number 3: Financial assistance for the subscription and/or purchase of shares in the Company or a related or inter-related company

"Resolved, in terms of section 44(3)(a)(ii) of the Companies Act, as a general approval, that the Board be and is hereby authorised to approve that the Company provides any direct or indirect financial assistance ("financial assistance" will herein have the meaning attributed to it in sections 44(1) and 44(2) of the Companies Act) that the Board may deem fit to any person, including any company or corporation that is related or inter-related to the Company ("related" and "inter-related" will herein have the meanings attributed thereto in section 2 of the Companies Act) and/or to any financier who provides funding by subscribing for preference shares or other securities in the Company or in any company or corporation that is related or inter-related to the Company, on the terms and conditions and for amounts that the Board may determine for the purpose of, or in connection with the subscription for any option, or any shares or other securities, issued or to be issued by the Company or by a related or inter-related company or corporation, or for the purchase of any shares or securities of the Company or of a related or inter-related company or corporation, provided that the aforementioned approval shall be valid until the date of the next Annual General Meeting of the Company."

Reasons for and effect, if passed, of special resolution number 3

The reason for and effect, if passed, of special resolution number 3 is to grant the Directors the authority, until the next Annual General Meeting of the Company, to provide financial assistance to any person, including any company or corporation which is related or inter-related to the Company and/or to any financier for the purpose of or in connection with the subscription or purchase of options, shares or other securities in the Company or any related or inter-related company or corporation. This means that the Company is authorised, inter alia, to grant loans to its subsidiaries and to guarantee and furnish security for the debt of its subsidiaries where any such financial assistance is directly or indirectly related to a party subscribing for options, shares or securities in the Company or its subsidiaries. A typical example of where the Company may rely on this authority is where a wholly owned subsidiary raises funds by way of issuing preference shares, and the third party funder requires the Company to furnish security, by way of a guarantee or otherwise, for the obligations of its wholly owned subsidiary to the third-party funder arising from the issue of the preference shares.

In terms of and pursuant to the provisions of sections 44 and 45 of the Companies Act, the Directors of the Company confirm that the Board will satisfy itself, after considering all reasonably foreseeable financial circumstances of the Company, that immediately after providing any financial assistance as contemplated in special resolution numbers 2 and 3 above:

- the assets of the Company (fairly valued) will equal or exceed the liabilities of the Company (fairly valued) (taking into consideration the reasonably foreseeable contingent assets and liabilities of the Company); and
- the Company will be able to pay its debts as they become due in the ordinary course of business for a period of 12 months.

In addition, the Board will only approve the provision of any financial assistance contemplated in special resolutions numbers 2 and 3 above, where:

- the Board is satisfied that the terms under which any financial assistance is proposed to be provided, will be fair and reasonable to the Company; and
- all relevant conditions and restrictions (if any) relating to the granting of financial assistance by the Company as contained in the Company's Memorandum of Incorporation have been met.

Information relating to the resolutions

1. Information relating to Ordinary Resolution Number 15

The Directors of the Company or its subsidiaries will only utilise the general authority to repurchase shares of the Company as set out in ordinary resolution number 15 to the extent that the Directors, after considering the maximum number of shares to be purchased, are of the opinion that the position of the Company and the Group would not be compromised as to the following:

- the Company and the Group's ability in the ordinary course of business to pay its debts for a period of 12 months after the date of the Notice of AGM and for a period of 12 months thereafter;
- the consolidated assets of the Company and the Group (fairly valued) will at the date of the Notice of the AGM, and at the time of making such determination, and for a period of 12 months thereafter, be in excess of the consolidated liabilities of the Company and the Group (fairly valued). The assets and liabilities should be recognised and measured in accordance with the accounting policies used in the latest audited Annual Financial Statements of the Group;
- the ordinary share capital and reserves of the Company and the Group after the repurchase will remain adequate for the purpose of the business of the Company and the Group for a period of 12 months after the date of the Notice of the AGM and after the date of the share repurchase; and
- the working capital available to the Company and the Group after the repurchase will be sufficient for the Company and the Group's ordinary business purposes for a period of 12 months after the date of the Notice of the AGM and for a period of 12 months after the date of the share repurchase.

General information in respect of major shareholders and the share capital of the Company is contained in the Integrated Annual Report of which this Notice of AGM forms part, as well as the full set of annual financial statements, being available on Calgro's website at:
https://www.calgrom3.com/.

Directors' responsibility statement

The Directors, whose names are given on **pages 34 to 36** of the Corporate Governance report on the Company's website and **pages 33 to 36** of this Integrated Annual Report, collectively and individually accept full responsibility for the accuracy of the information given in this Notice of AGM and certify that, to the best of their knowledge and belief, there are no facts that have been omitted which would make any statement false or misleading, that all reasonable enquiries to ascertain such facts have been made, and that the Notice of AGM contains all information required by law and the JSE Listings Requirements.

Material changes

There has been no material change in the financial or trading position of the Company and its subsidiaries subsequent to the Company's financial year-end, being 28 February 2026, and the date of this Notice of AGM.

2. Information relating to Special Resolution Number 2

For purposes of special resolution number 2, the Board will only utilise the general authority bestowed upon them to provide direct or indirect financial assistance related to inter-related companies to the extent that the Directors, after considering the amount of financial assistance to be granted, are of the opinion that:

- immediately after providing the financial assistance, the Company would satisfy the solvency and liquidity test (as defined in the Companies Act);
- the terms under which the financial assistance is proposed to be given are fair and reasonable to the Company; and
- all conditions or restrictions regarding the granting of financial assistance as set out in the Memorandum of Incorporation of the Company have been satisfied and the Board has passed a resolution authorising the grant of the said financial assistance ("the Board resolution") under their general authority so granted, the Company which will then provide written notice of the Board resolution to all shareholders:
  - within 10 days after adoption of the Board resolution, if the total value of all loans, debts, obligations or assistance contemplated in that resolution, together with any previous such resolution(s) during the financial year, exceeds one-tenth of 1% of the Company's net worth at the time of the Board resolution; or
  - within 30 business days after the end of the financial year, in any other case.

Other business

To transact such other business as may be transacted at an Annual General Meeting or raised by shareholders with or without advance notice to the Company.

Electronic participation

1. If any shareholders of the Company wish to participate at the AGM electronically ("electronic facility"), they:
   - must contact the Company Secretary on 010 593 3310 or sirkien@juba.co.za, five business days prior to the AGM in order to obtain details on using the electronic facility;
   - will be required to provide reasonably satisfactory identification in terms of section 63(1) of the Companies Act; and
   - will not be able to vote at the AGM using the electronic facility and will still need to appoint a proxy to attend the AGM and to vote on their behalf.
2. The Company cannot guarantee there will not be a break in communication which is beyond the control of the Company.
3. The participant acknowledges that the electronic facility is provided by a third party and indemnifies the Company against any loss or claim arising in any way from the use of the electronic facility, regardless of the cause, and agrees that the Company will have no liability for any damages resulting from the use of the electronic facility or any failure of the electronic facility during the AGM.

Notes to the form of proxy

1. A shareholder may insert the name of a proxy or the names of two alternative proxies of the shareholder's choice in the space(s) provided, with or without deleting "the Chairperson of the AGM". The person whose name appears first on this form of proxy and who is participating in the AGM will be entitled to act as proxy to the exclusion of those whose names follow.

2. A proxy appointed by a shareholder in terms hereof may not delegate his authority to act on behalf of the shareholder to any other person.

3. A shareholder's instructions to the proxy must be indicated by the insertion of the relevant number of votes exercisable by the shareholder in the appropriate box provided or by the insertion of a cross if all shares should be voted on behalf of that shareholder. Failure to comply with the above will be deemed to authorise the proxy to vote or abstain from voting at the AGM as he deems fit in respect of all the shareholder's votes exercisable thereat.

4. Forms of proxy must be lodged at or posted to Computershare Investor Services (Pty) Limited, Rosebank Towers, 15 Biermann Avenue, Rosebank, 2196 (Private Bag X9000, Saxonwold, 2132, South Africa) or sent via email to proxy@computershare.co.za to be received by not later than 10:00 on Tuesday, 23 June 2026, provided that any form of proxy not delivered to the transfer secretaries by that time may still be provided to the transfer secretaries in the aforementioned manner or handed to the Chairperson of the AGM, at any time before the appointed proxy exercises any shareholder rights at the AGM, subject to the transfer secretaries verifying the form of proxy and proof of identification before any shareholder rights are exercised.

5. The completion and lodging of this form of proxy will not preclude the relevant shareholder from attending the AGM and speaking and voting thereat to the exclusion of any proxy appointed in terms hereof, should such shareholder wish to do so. In addition to the aforegoing, a shareholder may revoke the proxy appointment by (i) cancelling it in writing or making a later inconsistent appointment of a proxy; and (ii) delivering a copy of the revocation instrument to the proxy, and to the transfer secretaries via proxy@computershare.co.za. The revocation of a proxy appointment constitutes a complete and final cancellation of the proxy's authority to act on behalf of the shareholder as at the later of the date stated in the revocation instrument, if any, or the date on which the revocation instrument was delivered in the required manner.

6. The Chairperson of the AGM may reject or accept any form of proxy which is completed and/or received otherwise than in accordance with these notes, provided that, in respect of acceptances, he is satisfied as to the manner in which the shareholder(s) concerned wish(es) to vote.

7. Each shareholder is entitled to appoint one or more proxies (none of whom need be a shareholder of Calgro M3) to attend, speak and vote in place of that shareholder at the AGM.

8. Documentary evidence establishing the authority of a person signing this form of proxy in a representative capacity must be attached to this form of proxy unless previously recorded by Calgro M3 or Computershare Investor Services (Pty) Limited or waived by the Chairperson of the AGM.

9. Any alteration or correction made to this form of proxy must be initialled by the signatory(ies).

10. Where there are joint holders of shares:
    - 10.1 any one holder may sign the form of proxy; and
    - 10.2 the vote of the senior (for that purpose seniority will be determined by the order in which the names of shareholders appear in the register of members) who tenders a vote (by the shareholder or by his/her proxy) will be accepted to the exclusion of the vote(s) of the other joint holder(s) of Calgro M3 shares.

11. This form of proxy may be used at any adjournment or postponement of the AGM, including any postponement due to a lack of quorum, unless withdrawn by the shareholder.

12. Summary of the rights of a shareholder to be represented by proxy, as set out in section 58 of the Companies Act:
    - a proxy appointment must be in writing, dated and signed by the shareholder appointing a proxy, and, subject to the rights of a shareholder to revoke such appointment (as set out below), remains valid only until the end of the relevant shareholders' meeting;
    - a proxy may delegate the proxy's authority to act on behalf of a shareholder to another person, subject to any restrictions set out in the instrument appointing the proxy;
    - the appointment of a proxy is suspended at any time and to the extent that the shareholder who appointed such proxy chooses to act directly and in person in the exercise of any rights as a shareholder;
    - the appointment of a proxy is revocable by the shareholder in question cancelling it in writing, or making a later inconsistent appointment of a proxy, and delivering a copy of the revocation instrument to the proxy and to the Company. The revocation of a proxy appointment constitutes a complete and final cancellation of the proxy's authority to act on behalf of the shareholder as of the later of (a) the date stated in the revocation instrument if any; and (b) the date on which the revocation instrument is delivered to the Company as required in the first sentence of this paragraph; and
    - if the instrument appointing the proxy or proxies has been delivered to the Company, as long as that appointment remains in effect, any notice that is required by the Companies Act or the memorandum of incorporation of the Company to be delivered by the Company to the shareholder, must be delivered by the Company to (a) the shareholder, or (b) the proxy or proxies, if the shareholder has (i) directed the Company to do so in writing; and (ii) paid any reasonable fee charged by the Company for doing so.
